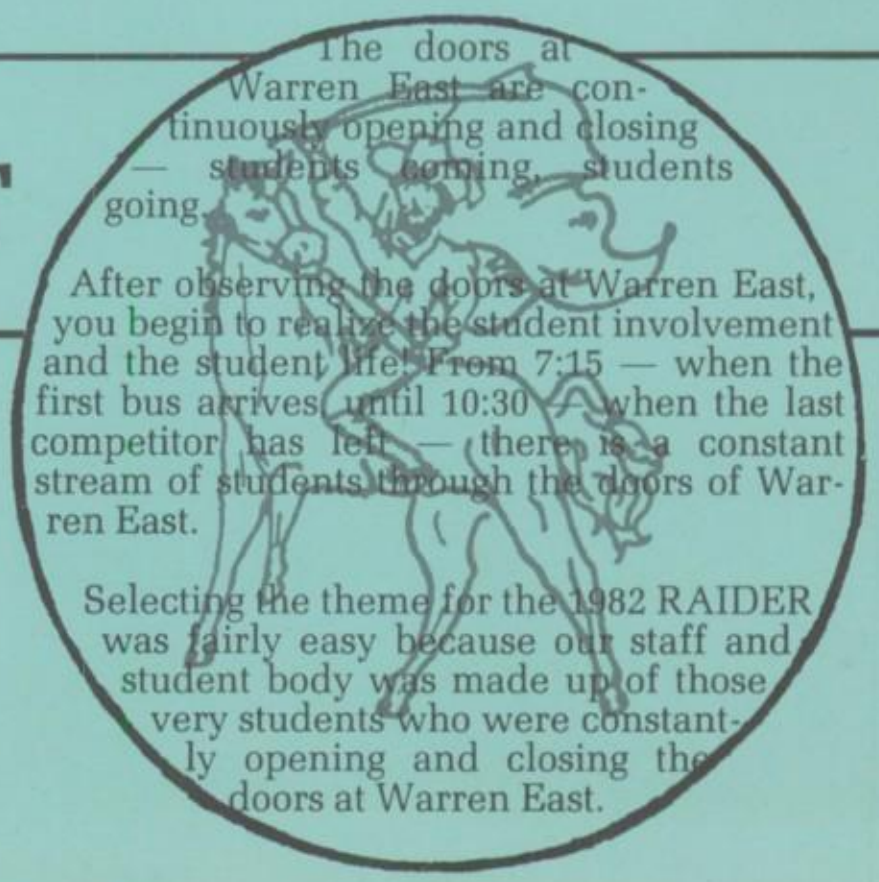
WARREN EAST



The doors at Warren East are continuously opening and closing — students coming, students going.

After observing the doors at Warren East, you begin to realize the student involvement and the student life. From 7:15 — when the first bus arrives until 10:30 — when the last competitor has left — there is a constant stream of students through the doors of Warren East.

Selecting the theme for the 1982 RAIDER was fairly easy because our staff and student body was made up of those very students who were constantly opening and closing the doors at Warren East.

DOORS REPRESENT INVOLVEMENT AT WARREN EAST

Warren East High School radiates a feeling of doors — doors that represent opening and closing for students. The continuous motions of the doors represent involvement of the students in all areas at Warren East.

From the double entrance of front doors facing the Louisville Road to its back doors opening from the football dressing room, you get a feeling of involvement at this school — an involvement of students in all areas of the educational world.

For years, Warren East High School has excelled in various areas of involvement ... sports, scholastic achievements, club work and extracurricular participation. The school is well-known by the local community, the state, and even on some national levels for its participation and involvement of WEHS students.

AREN'T INSTRUCTIONS BORING Listening to specific instructions seemed painful to Yvonne McQuitty, Jim Maroney, and Kenny Holland.

GYMNASTIC ACADEMICS, P.E. instructor, Mrs. Lenora Isenberg, went through some of the basic instructions for students Donna Clark, Eddie Frye, and Joey Pridemore.

Through the doors of Warren East

BOOKS HELP OPEN OVEN DOORS. Rhonda Harral and Tolisha Harrington paid close attention in Home Economic class.

PRACTICE HELPS WITH FLAGS. Much time was spent at afternoon practice to help the Flag Corp get their routines perfected.

MISS FASHION GIRL 1982. Really going all out for Clash Day was Dana Cunningham. This style of dress really did not distract from Dana's classwork . . . she never really worked hard in class anyway!

CANDY STORE DOORS. Some students spent a great deal of time (and money) visiting at the Candy Store, as did Debra Vincent.

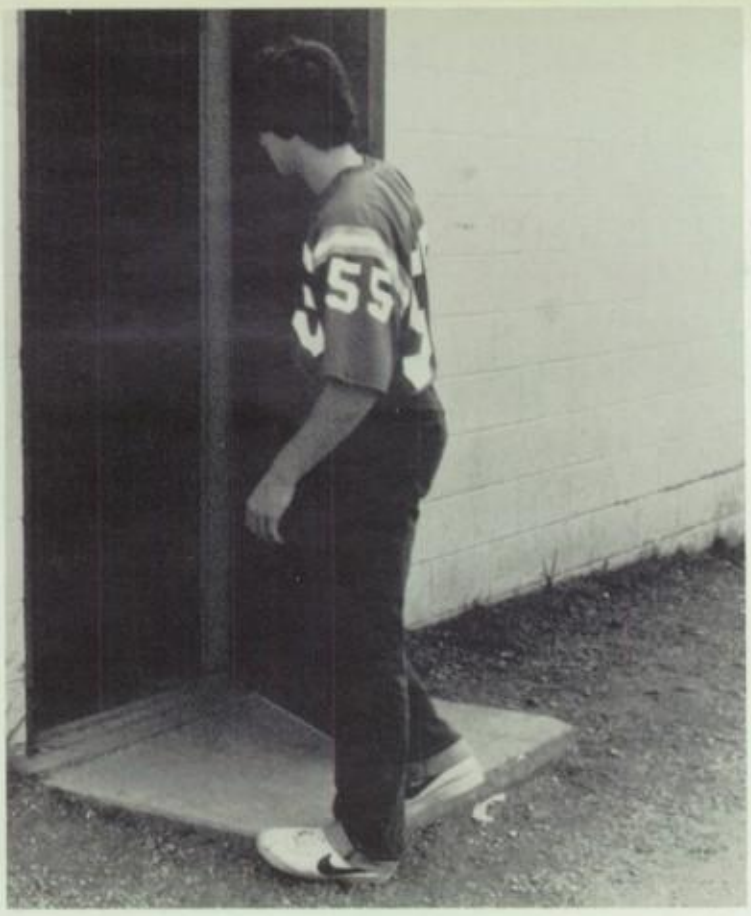
DOORS HAVE INSTRUCTIONAL USE. When Cindy Sholtz and Jay Smith needed extra light for tracing some work needed for the hallway decorations for homecoming, naturally they made use of the long windows on the front school doors.

5 BAGS NEEDED FOR 2 NIGHTS. Excitement ran high as students left early one Friday morning from East for the Beta Club Convention. Junior Rhonda Grimes was loaded down with luggage for the trip.

Study, fun, and games

STUDENTS COME, STUDENTS GO. Students were continuously involved in some type of activity at Warren East during 1981-82 school year.

VARIOUS METHODS OF STUDYING. Top typing student, John Young, does his work all by his lonesome; while Art teacher, Mrs. Rhonda Sweeney, tried group floor instructions with her art class.



Students have wide choice of activities

Students at East may choose to participate in several activities or none at all. This choice is left up to each individual. A student may choose to belong to several clubs, chose some sports activity, and still be an honor graduate. A student may decide to concentrate on a certain scholastic area and excel to the fullest within this subject area.

Students are encouraged when they enter Warren East as 9th graders to enter into some extracurricular activities, but no one is pressured to take part in any activity. It is thought that these extracurricular involvements add to the total educational experience for students at WEHS.

BACK DOOR SWINGS OPEN. Arriving for football practice was Mark Smith — using the back entrance to enter the football dressing room.

SPIRIT OF TOGETHERNESS. Students at East do possess a "Spirit of Working Together." Seniors Donna Turner and Tony Whitney tried to solve some yearbook problems.

COMFORT FOR STUDY. Classrooms were set up in such a way that students could relax and study, but Cindy Bledsoe took more room than the average student in order to "stretch out" and relax!

ROUND TABLE DISCUSSION. Individual group instruction was encouraged in the classroom, but with Senior Marcia Anthony leading the discussion, this table seemed to be headed for trouble.

Through the doors of WARREN EAST

Warren East has strong tradition

Upon entering the doors of Warren East, one is instantly confronted with a collection of trophies, plaques, and awards that illustrates the tradition of involvement at our school. The tradition of participation and winning!

These awards represent a wide range of areas and are evidence that the students continuously strive in all areas of involvement at Warren East for even higher goals and accomplishments.

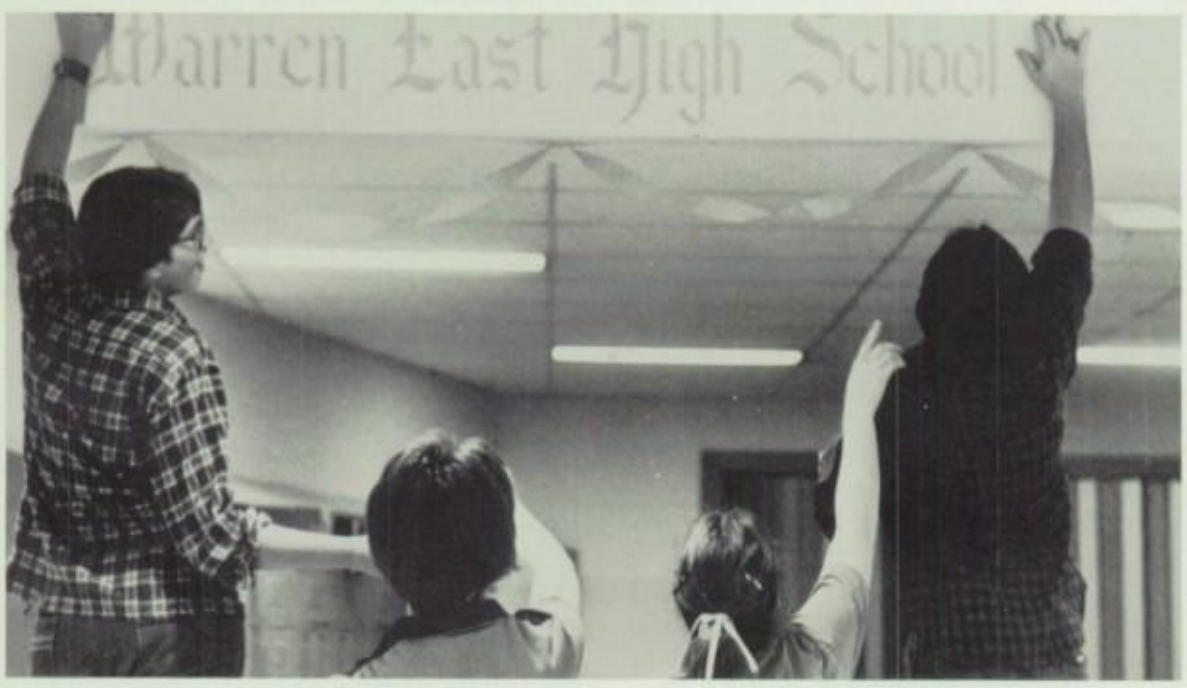
Through the doors

TELEPHONE FEVER. The telephones at East were a central point for some students. Becky Rector and Rhonda Wilson seemed to be up to something!

UNIQUE COMBINATION. Scott Taylor combined his talents and was able to play basketball while wearing his football uniform. Made for both seasons blending together!

LOOKS ARE NOT EVERYTHING! By being voted "Most Talented" of the Senior Class, Taysha Oglesby proved that talent does sometimes shine (even with beauty)! She showed her talent (and beauty) while helping decorate the Senior hallway during Homecoming.

Achievements, success, and involvement



of Warren East

BEST DRESSED COUPLE. Without the benefit of a survey, Darlene Lawson and Mike Pierce were the "Best Dressed" couple during Clash Day.

MOST INVOLVEMENT. Coach Edwin Moss worked year-round with some type of student involvement activities — i.e., IA Club, Assistant Girls Basketball Coach, and Track Coach.

MUG LINE UP. The lunch line was a-waiting time for some groups. Freshmen Ricky Poteet, John Epley, and Jeff McCrady waited their turn in line.

SENIOR TOGETHERNESS. At the beginning of 1981-82 school year, there was a big Senior Class, but after midterm graduates left, we were minus some 20+ Seniors. Neal Bowles, Cindy Owens, and Steve Taylor were here at the beginning, but some graduated at mid-term.

WHAT WAS THAT NAME AGAIN? Seniors Gerry Renfro, Michael Pierce, Gaye Watkins, and Steve Dubree were proud of that name!

Students are proud Raiders

BROTHER WILLIAM. As the center of everyone's attention, William Allen was ready for his sermon.

NOW TERRI, ARE YOU SURE? Coach Compton seemed to be in doubt about what Terri Hill might be telling him.

NOW, BACK UP JUST A MINUTE! Rhonda Grimes had difficulty getting the story straight from Dana Pippin and Glenda Miller. Darlene Watt didn't care!

LEADER OF THE PACK. Raiderette Sponsor, Mrs. Richey, always had Raiderettes Kim Barnes and Ashley Gaines set the dress codes.

CHICKEN INVOLVEMENT. Warren East students were never afraid to get involved with anyone — or anything?? Maybe Patty Hudson can explain it.

1982 SENIORS

Our four years at East have been wonderful and rememberable. We look back and all our memories hit us in the face! Memories of different people, sports, classes, activities, and most of all, us — the Seniors! The laughter (and tears) of moments that meant so much to us. But we struggled — laughed — moaned and groaned — lazed — and fought — through four years of school at East because we had spirit, spunk, unity, and love; we had it all!

The class of 1982 did so much as a group that memories cannot make us forget all the students that were involved in making this year so great!

The first week of school we walked in so proud and took our seats in that great Senior section of the gym. The last week of school we walked in, sat down in that special section reserved for graduates, practiced graduation, and walked out again. Then came graduation night! As we arrived in our caps and gowns — just waiting for that great moment — we realized that this was it — the final step!

The time had come for the class of 1982 to become part of that history book of Warren East. We came — we were here — and now, we are part of the memories! Hopefully, our class will never forget the memories of Warren East High School and cherish the good times forever.

Sometimes the trend seems to be for the Outstanding Seniors to be selected on a popularity basis, but after screening the students that were selected, the majority of these 1982 selections have future plans for college, careers, and certainly ambitious hopes and dreams. These young men and women have been actively involved with clubs, sports, drill team, cheerleaders, scholastics, and many other school-related activities. STRIKE UP THE BAND

"I play the piano not only for relaxation, but it helps to alleviate my frustrations, too," says Senior Jon Ray.

Jon is the Warren East Marching Band field commander. He has been the field commander both his Junior and Senior years at Warren East. When the band is not marching, he plays the baritone and directs the Pep Band. During the concert season Jon plays the French horn.

Jon not only can lead his band, he is like a band in himself. Jon plays a variety of instruments. He started out on the trumpet in the fifth grade. Now, he not only plays the trumpet but the piano, baritone, French horn, clarinet, saxaphone, trombone, and organ.

Jon's musical talent is not just focused on his involvement in the school band; he plays in many other organizations also. He has played two years with the Barren River Area Youth Orchestra, and he also plays at all of his church's services and activities.

Jon's future plans include obtaining a Performance Degree in Piano. Jon hopes to receive a scholarship from the University of Louisville or Indiana University.

Concerning his future beyond college, Jon explains, "I plan to be in some area of performance, possibly orchestration."

STRICTLY BUSINESS

How can two high school students be at seven schools in two days or be at forty caucuses in two evenings?

If the persons in question are Kim Barnes, National Secretary, and Tom Mitchell, State President, of Future Business Leaders of America, then you are right! That is exactly the hectic schedule each has maintained while serving as an elective officer.

Kim Barnes was elected to her position this summer in Chicago. Kim won the election with an overwhelming majority of approximately fifty to twenty votes. When discussing the election, Kim stated, "I was very happy when I learned that I had won the election, and I realized that all the hard work had certainly paid off!"

Tom Mitchell was elected to his position last spring. When asked about his position Tom said, "I feel very honored to represent one of the strongest state chapters in the nation!"

After high school, both Kim and Tom plan to attend the University of Kentucky. While Kim wants to further her business knowledge by majoring in Business-Public Relations; Tom, on the other hand, is planning on majoring in Computer Science.

TAKE OFF WITH US

While most of us are restricted to the ground, Grayson Young is flying high and free.

No, he has neither feathers nor a red and blue suit with attached cape under his street clothes! Grayson, a Senior at Warren East, flies a plane.

Grayson's family has owned the plane for ten years. They actually have a runway in their yard.

When we are looking out for cars and stop signs, he is looking our for other planes, radio towers, and very careless birds.

His favorite thing is not the actual flying, but various stunts, such as: loops, vertical circles, rolls, rolling the plane sideways, hammerheads, diving straight down, and pulling it out.

Grayson's most frightening experience was when his engine drowned out and he had to land in a field.

Grayson plans to join the Air Force and become a pilot. But Grayson will always have a hobby, legally, that will keep him as high as a kite!

MAKING THIS YEAR THE BEST!

This year's Senior Class officers all seem to have the same idea — Making this year the best! The officers were elected at the beginning of the year by the student body.

Terri Hill is the Senior Class Treasurer. Terri wanted this office because this is her Senior year and she wanted a part in making it the most important. Terri's goal for the Seniors is to make enough money to leave something nice to Warren East.

The Senior Class President is none other than Bobby Young. Bobby wants this Senior year to be better than the others. His ways to do this include making a film of the activities and people in the Senior Class, and getting the Senior students more involved in school activities.

Kim Barnes, who is the Senior Class Vice-President, would like to see this year stand out among our high school memories as one of the best years of our lives. She feels that one way to achieve the goal of making this year the best is to have more of that good ole school spirit.

Senior Class Secretary, Sandra Duvall, was glad she was elected. Sandra feels like this year should be the best and by working together she hopes to make it the very best.

WHO AM I THIS TIME?

Somewhere between "Ernestine," a teenager in a strict family, and "Princess Lottacargo," whose melodramatic movies are disaster hits, is Donna Atwell. Donna is a member of Teen Theater, but her accomplishments are not limited to acting — she participated in speech for three years and her talents have taken her successfully through Regional competition to the State Speech Tournament.

RAIDERS ARE SECOND TO NONE IN '81

What a theme for the 1981 Warren East Homecoming!! The annual event was held on Friday, October 16, 1981.

The day before Homecoming that Raider Spirit was really exhilarating as students put full effort into Homecoming Hall Decorations.

The most original decoration was done by the Seniors, in which they placed a figure of a "Nun" and a Raider football player together and said, "Raiders are Second to 'Nun'!" (Just ask Senior Cindy Owens!)

The Seniors won the Hall Decorations contest for best use of the theme. They decorated the lobby and carpeted area with Coke Shirts, (There wouldn't be a challenger if there wasn't a Champion!); pictures of Senior football players; Senior homecoming candidates; blue and gold balloons and crepe paper; cut-out footballs; "Nunn-Better" flour sacks; the Raider mascot; and, of course, a Tompkinsville Bear hung on a noose!

All classes contributed to the Homecoming Spirit!

WORKING SENIORS GAIN HELPFUL EXPERIENCE WITH PART-TIME JOBS — VIA DALE BASSETTE & STEVE DUBREE

About 12% of the Seniors at Warren East had a job during the school year. Although they ranged from 5-40 hours, these workers averaged 19-20 hours of work a week. 88% of them said that their jobs did not interfere with their school work and activities.

The money made was mostly spent on gas, used as spending money, car payments, school expenses, and savings being some more popular uses.

Combining a job with school, most students were left with little spare time. Students explained that this spare time was spent with friends and dates, or resting up for the next day.

When asked if they planned on continuing their work after graduation, 69% said they would, 12% had no plans to do this, and 19% were undecided.

Most of these Seniors said that this job they had would no doubt help them to find a better job after school and others said that the money and experience would help them in college.

BOWLING GREEN CHAPTER SELECTS MISS NAACP

Warren East Senior Marcia Anthony was selected Miss NAACP from the BG Youth Chapter.

During the pageant, Marcia modeled an outfit, responded to questions from the judges, and performed a talent presentation. Marcia placed first at the local pageant, was runner-up at the state pageant and made it to the finals at the National Convention held in Denver, Colorado.

While participating around the state and country, she met many interesting people. Marcia said her most memorable meeting was with Roy Wilkins, who succeeded Dr. Martin Luther King as Executive Director of NAACP. The late Mr. Wilkins gave Marcia a personal compliment and told her that as a talented young black youth, she should do whatever she could to insure that no one be denied his civil rights. Mr. Wilkins explained that an individual working to help others secure their civil rights is engaged in a most worthwhile cause.

DEFINITION OF DANCE: TAYSHA

Taysha Oglesby placed 2nd in the Warren County Junior Miss Program on September 26, 1981. Taysha's talent presentation was a dance routine to "Boogie Woogie Bugle Boy." This won Taysha the award for Creative and Performing Arts. Her performance was a crowd pleaser and drew an enthusiastic response from the appreciative audience.

Warren East's "MOST TALENTED GIRL" has been dancing seriously — off and on — since the third grade. After high school, Taysha intends to further her education in dancing. She would like to officially begin her career by acquiring a degree in professional dance.

The one thing Taysha most enjoys about dancing is the applause. In her words, "I like the applause because it means they appreciate what I am doing."

TOP SENIOR ATHLETES

Pam Belk summed up the feelings of all five Senior athletes, "Being involved so much with basketball practice and games has kept me from participating in some other activities." They all agreed that sports has taught them how to get along with others; how to take criticism; how to follow directions; and has helped each to develop a certain amount of maturity. Definitely because of the benefits and in spite of a few drawbacks, each agrees he or she would do it all over again! All five Senior lettermen have future plans to attend college and hopes for some assistance through athletic scholarships run high. Plans about what they play to major in range from elementary and secondary education to business administration and law to undecided.

All five seniors — Ronnie Johnson, Pam Belk, Kami Thomas, Donna Turner, and David Britt — have amassed a total of 20 years of basketball, 8 years of football, 1 year of track, and 12 summers of softball just during the past 4 summers.

CAMP: HOT, HECTIC, AND FUN

Do the words "summer camp" conjure up images of fun-in-the-sun and partying the night away 'til the break of dawn?

As Karen Baird, Robin Crabtree, and Cindy Richmond discovered, summer camp can also be hour-after-hour of study, work, and practice.

Karen and Robin both attended cheerleading camp at Kentucky Weslyan, while Cindy attended drill team camp in Orlando, Florida.

Karen and Robin had to be at breakfast by seven and out learning cheers soon after that. They practiced all day long and then competed at night. After competition, their excitement usually kept them from going straight to bed and they would review all the cheers they learned. When exhaustion finally took over, they would go to bed and dream about cheers.

Meanwhile, Cindy was rudely awakened each day by a phone call at six and was using all her sore muscles to learn new dance routines by eight. Unlike the cheerleaders, the Raiderettes made the most of their free time and weren't known for going to bed early!

Karen and Robin felt the highlight of camp was the last night at the awards presentation when they won First Place overall and the Spirit Award. Cindy, however, felt the most exciting moment at camp was seeing the guys at Daytona Beach!

No matter what you think a camp should be like, many experiences are involved — some good, some bad; but whatever the experience, it is one you would not want to miss!

High School Stops In December for "Mid-Term Grads"

Sixteen of the 186 Seniors at Warren East made a big decision — to graduate after one semester. It was possible for students to graduate mid-term; of course, there were certain requirements. Obviously, it was mandatory that a sufficient number of credits had been earned. This year, all the Seniors in the county who wished to graduate mid-term had to apply for approval of the Warren County Board of Education. Luckily, all those Seniors at Warren East who were interested in graduating mid-term and applied to the Board of Education, received approval.

When these students were asked why they wanted to graduate in the middle of the year, most of them said that they had a job and wanted to work full time. Several wanted to get a headstart at college so they could graduate quicker. When asked if an early graduation would hinder them in any way, most students gave a quick answer of "no."

A few of the "mid-term grads" are graduating early because they are married, or have future plans slanted in this direction.

When some of the teachers were asked for their opinion of mid-term graduation, their replies were as follows:

Mrs. Cowles — "Most students can't get full-time jobs until they are 18 years of age and it will hurt them in college because they will not have any Senior English or any Senior level course needed for college."

Mr. Utley — "I am opposed to it under most conditions. They're not prepared for college or work because they only have the basic requirements of graduation."

Mr. Zimmer — "I think they are wasting the best year of their lives!"

Mrs. Richey — "It should be cut out. Some students are not mature enough to begin a full-time job or college after only 3½ years of high school."

Mr. Vincent — "I am opposed to it. It only makes additional hardships for the teachers and the students."

Four Juniors Rush to Leave Warren East

DOUBLE CHECKING. Two of the graduating juniors, Richard Holloway and Anita Plumlee, worked with their Guidance Counselor, Mrs. Vernon, to make sure all requirements were met.

Three Year Graduates Have College Plans

The opportunity to graduate in three years was given to the Juniors at Warren East. This year, four juniors decided to take advantage of this opportunity.

Before they can graduate, they must have special permission from the Warren County Board of Education and the Administrative Staff at Warren East. All grades and requirements must be checked thoroughly and approved with their Guidance Counselor at Warren East.

As this book goes to press, these four students have been processed and received permission to graduate if all requirements are met by the end of the 1982 school year.

When the students were asked why they wanted to graduate in three years — they said, "To start college." These students starting college did not feel three years of high school would have any effect on their ability to do well in college. The students plan to major in such areas as psychology, nursing, and music.

SPECIAL EVENTS

Special Events — in most instances — were always considered to be an extracurricular activity for all of the students involved. Each individual at Warren East had the choice of involvement — whether he or she wanted to participate in any or all events. These events were always very interesting and seemed (for most of the students involved) to be most enjoyable!

One might represent himself/herself, their respective classes, or even their school. One might receive various awards such as scholarships, engraved mementos, certificates, trophies, etc. One tribute that a participant might receive would be a great deal of support and encouragement from their family and friends, and an experience that would help prepare them for future goals and awards.

Special Events are memories that an individual will have to savor throughout their high school years and for future years to come. Memories can be kept forever, so the Special Events section will prove to be a scrapbook of future memories of involvement for Warren East students.

SPECIAL EVENTS EDITORS. The three young ladies that worked with the Special Events section really had their hands full, but Darlene Watt and Glenda Miller (with some assistance from Taysha Oglesby) were able to carry out their assignment and produced an outstanding section. All of the copy and layouts were created entirely by their imaginative ideas; all of the artwork and interviews were organized and carried out under their directions. Special Events — a section to be proud of!

The six young ladies were: Judy Anderson, Marcia Anthony, Kim Barnes, Robin Crabtree, Terri Hill, and Taysha Oglesby. Taysha placed 2nd runner-up in overall competition and received the Creative and Performing Arts award.

The comments after the pageant from the young ladies were:

Taysha: "I liked performing my talent and a cookout that was held for the contestants. The reason I tried out was because I wanted my picture in the paper and a date! The thing I most remember about that night was the applause I received during my talent. I couldn't hear the music!"

STEPPING HIGH. Taysha kicked high during her "Creative and Performing Arts" routine. She performed an original dance routine to "Boogie Woogie Bugle Boy."

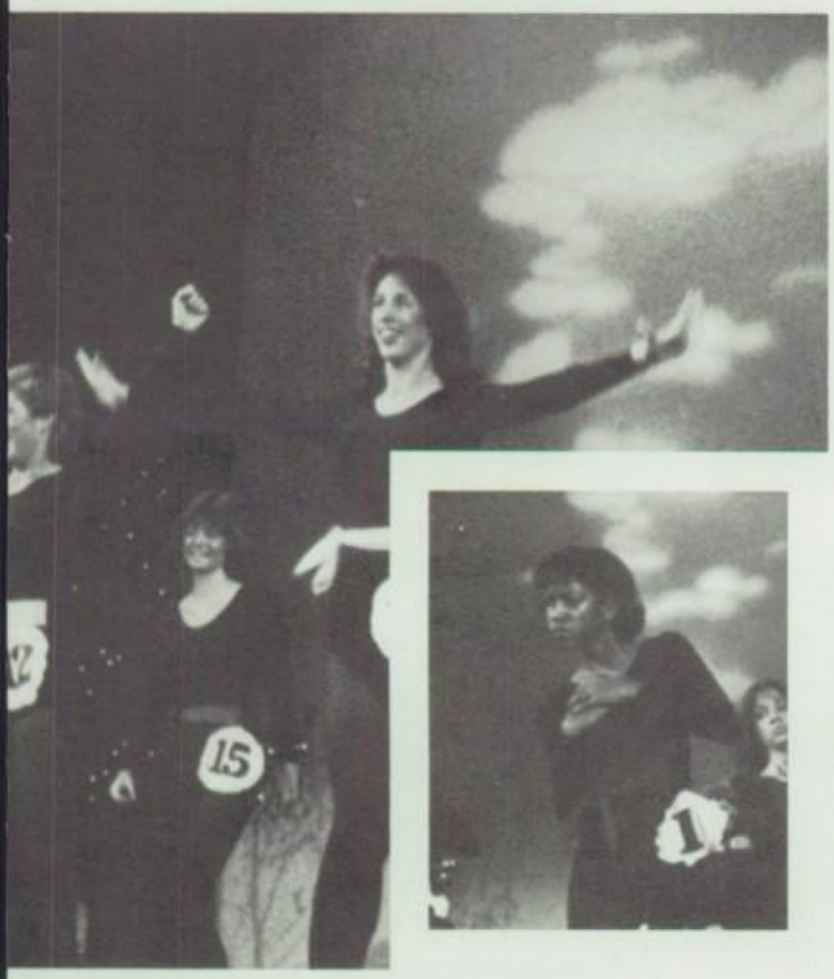
WATCH YOUR BALANCE. It was hard for Taysha to keep her balance during her jazzy routine.

WHAT'S SO FUNNY? Taysha and Kim enjoyed themselves after the competition was over.

TAYSHA — 2ND RUNNER-UP. Taysha received two engraved silver trays! One for placing 2nd runner-up and the other for winning the "Creative and Performing Arts" award.

COME ON GIRLS — PAY ATTENTION. Taysha, Robin, Terri, and Judy had some fun while the judges made some decisions.

The 1981 Warren County Jr. Miss Pageant was held at Van Meter Auditorium on Saturday, September 26. It was sponsored by the Warren County Jaycees and Jaycettes. Eighteen young ladies were chosen to represent their respective high schools for this competition. The young ladies participated in Youth Fitness, Poise and Appearance, Creative and Performing Arts, Scholastic Achievement, and the Judge's Interview. There were five judges and they scored the events as follows: Youth Fitness 15%; Poise and Appearance 15%; Creative and Performing Arts 20%; Scholastic Achievement 15%; and the Judge's Interview 35%. As a whole, the six young ladies from Warren East thought it was a worthwhile and fun experience.



STRETCH WAY UP. Kim and Robin were enjoying themselves as they raised their arms in the air during the Youth Fitness routine.

EVIL LOOK. Marcia gave an evil look for the "Make Me Laugh" part of Youth Fitness, but smiled for the evening gown competition.

GRUESOME-LOOKING BUNCH. Terri, Judy, and Taysha made horrible faces during "Make Me Laugh" of Youth Fitness competition.

DON'T MAKE A MISTAKE! Taysha took her turn to curtsy as she was presented to the crowd during the Poise and Appearance competition — while Robin, Judy, and Terri gave their brightest smiles for the judges.

W.E. talent very original and varied

Marcia advises, Judy plays, and Kim lectures.

Marcia: "One thing I'll remember about Jr. Miss was when I lost my umbrella during one of the performances. I tried out because I had heard it would be fun. I liked meeting all the other girls and making new friends."

Judy: "I liked getting to know all the other girls. I tried out because I heard it would be very interesting and fun. I'll remember going the wrong way in the poise and appearance routine, and all the girls, and fun!"

Kim: "A video tape of all the co testants during one of the practices . . . dancing . . . and brownies at th cookout . . . these are a few of th things I liked about Jr. Miss. The reaso I tried out was to see how I measured u to the other contestants in Warre County, and to try and get a schola ship. I'll remember all the close friends made!"

WAITING PATIENTLY. Marcia waited for her turn during the evening gown competition.

GREAT ACTING. Marcia did a humorous interpretation about "First Date" for the talent part of the Jr. Miss Competition.

COME OUT OF HIDING. Judy performed a "Raggedy Ann" skit for her talent competition.

LET'S GET SERIOUS. For her talent, Kim made a speech on "Old Glory."

OLDIES BUT GOODIES. Some of the contestants from last year's pageant were brought back to help entertain during breaks in the event. 1981 Grads, Kelly East and Lisa Burgett, were on hand to show their stuff.

Robin: "I tried out because I thought it would be fun and would be a good way to receive a scholarship. I enjoyed meeting the different girls and making new friends. The one thing that I'll most remember was Taysha's look when she got 2nd runner-up."

Terri: "I'll remember all the friends I made during Jr. Miss. Encouragement from other people was why I tried out. Experience I'll never forget; and meeting new people was what I enjoyed most during the Jr. Miss compeition."

DUH, I DON'T KNOW. Robin's expression was weird while performing her talent as a little girl from "O Ye Jigs and Juleps."

'TWAS WORTH IT ALL. Kim, Judy, and Terri enjoyed all the hard work and practice that had to go into making the pageant such a success.

TEAMWORK. All Jr. Miss contestants performed together for one of their well-rehearsed routines. All girls attended practice sessions two times a week for six weeks before the final night.

COUNTRY GIRL TERRI. Terri sang "Country Girl" for her talent during Jr. Miss

JR.-SR. Playday

Junior-Senior Playday was an activity for all students at Warren East. Juniors and Seniors are the only participants, but everyone gets to enjoy it. Comments from a few of the participants are below.

AROUND AND AROUND I GO. And where Norman Simpson stopped no one knows!

Norman Simpson: "I was in the "dizzy lizzy" for the Juniors. I liked the Junior-Senior Playday because we all got to make perfect fools of ourselves." **Rhonda Wilson:** "The only event I was in was the "banana eating." I liked it because I got to smash bananas in Scott's face!"

Pam Belk: "I represented the Seniors in the "three-legged race" and "basketball relay." I liked it because you get to see so many people fall on their face."

FINGER LICK'IN GOOD. Sonya Whitney got every little bit of her ice cream sandwich in the "ice cream eating" contest.

WE DO WHAT? Pam Belk and Teri Hill were listening closely to the instructions they had to follow in the "three-legged race."

BAD CATCH. Pat Kearns got all wet after the water balloon popped in his hands.

THE FACES TELL THE STORY. It looked as if the Juniors were behind during the Junior-Senior Playday.

IS MY TONGUE EVER COLD! Senior Donna Atwell tried to hurry and eat her ice cream.

Junior-Senior Playday was held on October 30, 1981. Some events in the Junior-Senior Playday were: "pie eating," "sack race," "dizzy lizzy," "egg toss," and many others. Here are some more interviews from the participants.

Karen Baird: I liked Junior-Senior Playday because everybody got to act crazy and we got to get out of class. I was in the "apple bobbing" and the "big wheel race."

Phillip Gaines: "I was in the "big wheel race" for the Juniors. It was fun, but hard! It took a lot of work to get the big wheel started off. People should participate, but if they've got long legs, stay out of the "big wheel race."

David Canler: "It was fun because people got to have a good time together. I was in the "big wheel race," "apple bobbing," and I won the "pie eating" competition by a split decision. I got to show everybody I could ride a big wheel, too!"

ON YOUR MARK. Karen Baird was ready to get her head wet in the "apple bobbing" contest.

I MUST HAVE BEEN OUT OF MY MIND TO AGREE TO THIS! Wesley Young eagerly awaited the start of the "sack race!"

KIDS AT HEART. Phillip Gaines and Larry Montgomery get off to a good start in the "big wheel race."

TAKING IT EASY. The Seniors weren't too worried about the competition as they discussed their plan of attack against the Juniors.

PUT IT RIGHT THERE. Gaye Watkins was telling her partner where he was suppose to throw the egg so he wouldn't hit her in the face!"

Taysha: "To be a Raiderette, you need a big smile and loose hips! The Raiderettes need more unity and harder practices. I've been a Raiderette for four years. I like having the star on my jacket and the weight your opinion carries for being a Co-Captain."

Kim: "I like being a Co-Captain because you get to share things with the other girls. The Raiderettes need to have more routines and need to stick to the rules more! I've been a Raiderette for three years. It takes a personality that allows you to make friends easy and handle weird situations."

MUCH INVOLVEMENT. The Raiderettes were always into something! Stephanie Taylor helped serve for the party they gave the 1981 Raider Football Champs. Patty Hudson helped post the banner display for the Homecoming celebration.

FREEZE. Cindy Richmond has been a member of the Raiderettes for two years. She is a Senior at East. She thought the Raiderettes should have less "horseplay" and more work.

HOLD YOUR FIRE. Senior Tammy Lee has only been a Raiderette for one year. She thought a Raiderette should be able to get along with others and support the team.

LEADING THE TROOP. Leading the Raiderettes during the Beach Ball routine was Captain Terri Hill.

LITTLE MICKEY MOUSERS. Fifteen of the 1981-82 Raiderettes attended camp in Florida. They performed three times at Disney World on July 4th. The girls who attended, along with their sponsor and two chaperones were: Back row: Leslie Rector, Kim Young, Ashley Gaines, Terri Hill, Taysha Oglesby, Tracey White, Beth Embry, Mrs. Debbie Richey (Sponsor), Faye Boards (Chaperone), Front row: Rhonda Grimes, Belinda Waller, Cindy Richmond, Lisa Whitney, Beverly Hendrick, Glenda Miller, Dana Pippin, Cheri Hunt, and Mrs. Joyce Riley (Chaperone).

HOLD IT TOGETHER. Mrs. Debbie Richey was the sponsor of the 1981-82 Raiderettes. She has served as the sponsor for four years.

3 RAIDERETTES. What happens when you're down and can't get up? Ask Patty Hudson, Lisa Whitney and Taysha Oglesby!

Being a Raiderette was an extracurricular activity. Like other activities, it takes work but it was fun, too. Raiderettes are awarded with applause after each one of their performances, so overall it is a worthwhile experience. Here are comments from a few of the 1981-1982 Raiderettes.

Kay Taylor: It takes a lot of hard work to be a Raiderette. I think we need to do routines to more up-to-date songs. I've been a Raiderette for two years. I like to entertain other people and see them smile."

Lisa Whitney: "I've been a Raiderette for two years. I like being a Raiderette because I get to be around all my friends. The Raiderettes need improvement on less talking and being more strict."

Sheila Forbes: "It takes a lot of patience to be a Raiderette along with seriousness. Seriousness is what the Raiderettes need, too! I've been a Raiderette for one year. I like getting to know the other Raiderettes."

YAH-HOO. Patty Hudson, Cheri Hunt, and Belinda Waller tip their hats to the audience during their *Elvira* performance.

PRANCING. Tracey White prances about during one of their performances.

THINK HARD GIRLS. Terri Hill, Kay Taylor, and Lisa Whitney were trying to think of a new routine while they took a break.

CHRISTMAS SPIRIT. The Raiderettes performed their Christmas routine for the elementary schools.

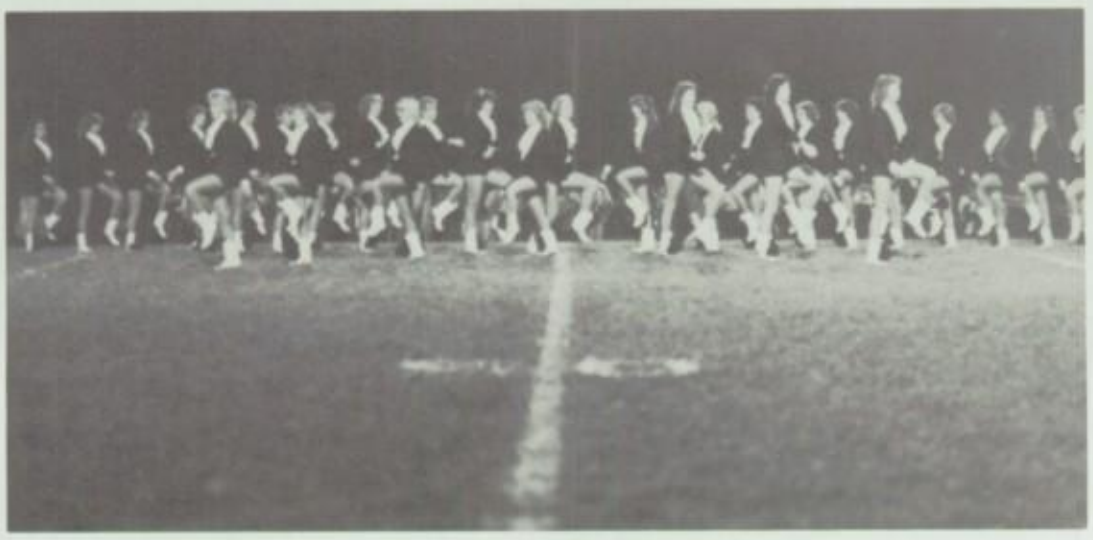
WHAT NEXT? Sheila Forbes had to think about what came next as she sat down on the job.

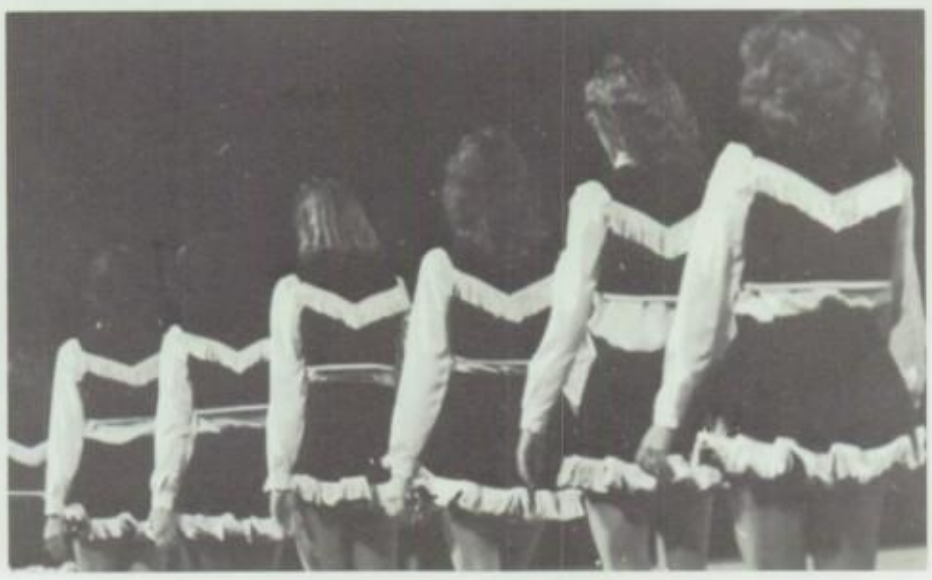
TOUCH THOSE TOES. Practice sessions also meant exercise routines for the girls!

Carmen Hardy: "I like being a Raiderette because everybody gets along so well and it's fun. I've been a Raiderette for one year. It takes patience to be a member of the Raiderettes."

Beth Embry: "I've been a member of the Raiderettes for one year. I like performing and learning the routines. I think we need more uniforms. To be a Raiderette, you've got to abide by the rules and be able to get along with others."

Cindy Dinsmore: "I like learning different routines and performing. I've been a Raiderette for one year. You need to be able to get along with others, learn to accept criticism, and have the ability to work hard if you want to be a Raiderette. I think the Raiderettes should work at becoming "one big happy family!"





WHAT'S GOING ON? Something seemed to be drawing Carmen Hardy's attention before their performance of the "beach ball" routine.

THAT'S INCREDIBLE. The Raiderettes always seemed to have it together with their straight lines and their good marching techniques.

MY HEART'S ON FIRE. Lisa Whitney and Belinda Waller played partners in the Elvira routine!

DO YOUR JOB. Beth Embry does the all important task of smiling for the audience as the Raiderettes march at one of the home football games.

GOOD JOB. The 1981-1982 Raiderettes march off the football field after one of their many great performances!

Outstanding Students are honored

Several students at Warren East won various awards in different areas. These are the comments from one person in each area.

Kevin Troxell: "I was really excited for being chosen as the Junior Leader for the American Private Enterprise System (APES). My competition with five other Seniors was really tough.

Gary Gibbs: "It was more fun than anything else at the APES workshop. I felt pretty good making one of the top two scores from Warren East. I hope to win some money and scholarships in Lexington this summer."

Debra Hendrick: "The teachers chose us to attend Girls' State because of our grades and other activities. We had to sit through a lot of lectures on government. It wasn't all bad because we got to meet girls from all over Kentucky."

Tony Whitney: "I was chosen by the American Legion Post 209 to represen them at Boys' State. It was a lot of fu even if we did get in trouble for throwin water balloons!"

Tom Mitchell: "I felt very proud an honored being selected as the are representative for the "Outstanding Youn Kentuckian." I'll be competing against te other contestants at the Kentucky Sta Fair. I don't know what I'll be doing ther to try to win though."

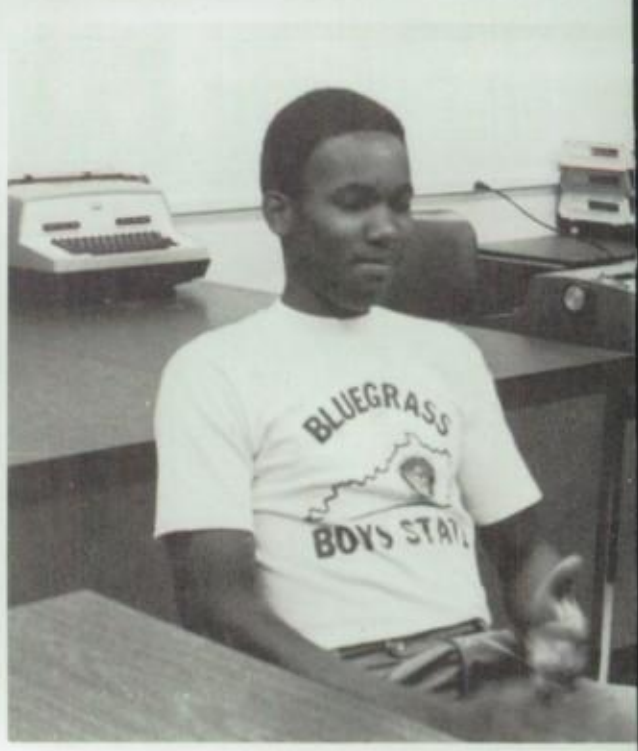
JUNIOR LEADER. Kevin Troxell won the title of Junior Leader of the APES. He will be attending seminars in Lexington this summer.

OUTSTANDING JUNIORS. At the APES workshop, Wesley Young and Gary Gibbs had the highest scores from Warren East. Beth Smith and Lisa Frye were alternates. Wesley and Gary will attend seminars in Lexington this summer.

GIRLS' STATE. Marcia Anthony, Robin Crabtree, Kim Barnes, Kami Thomas, and Debra Hendrick attended Girls' State at Morehead University.

YOUNG KENTUCKIAN. Tom Mitchell was chosen by the Bowling Green-Warren County Jaycees as Outstanding Young Kentuckian for 1982.

BOYS' STATE. The American Legion Post 209 chose Tony Whitney to represent them at Boys' State.



1982 RAIDER STAFF

It took a lot of hard work to be a member of the annual staff. It was worthwhile because each member gets to see his work each time he looks at the 1982 Raider Yearbook. Comments from a few of the people who put work into the yearbook follows:

David Meredith: "I've been on the annual staff for two years. I worked on the Senior section this year. It was a lot of fun because I get to see my accomplishments and work in the yearbook when it's done."

Robin Crabtree: "Mrs. Cowles asked me to write articles for the yearbook because I had a composition class this year. It was fun getting to write on different subjects. The only hard part about it was I usually didn't have a lot of information to write about."

Wesley Young: "I collaborated on the design of the division pages and designed and drew the table of contents for the yearbook. I got satisfaction out of it, but the deadlines were a pain. I was chosen to do the artwork because of my artistic ability and I was in fourth period art class!"

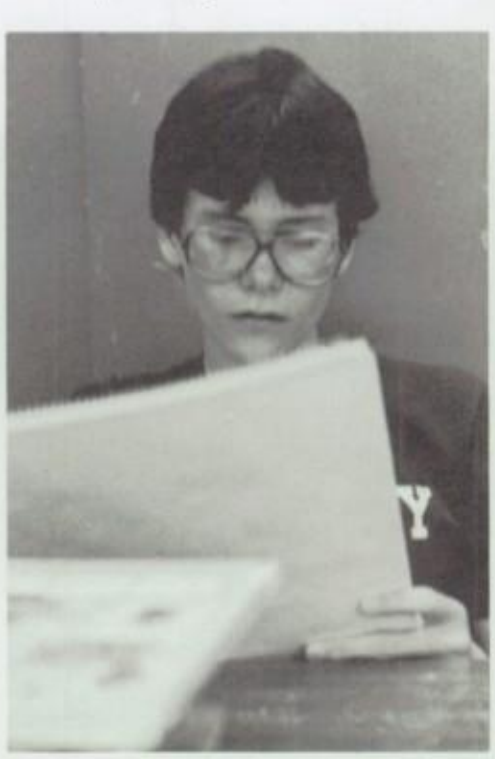
DOING HER JOB. Donna Atwell was one of the photographers for the 1982 Raider Yearbook.

BUSY AT WORK. Patty Hudson looked over a few details before she went out to take pictures for the 1982 Raider Yearbook.

"BRAINS" OF THE GROUP. Mrs. Peggy Cowles was the "brains" and editor behind all the work and fun put into the 1982 Raider Yearbook.

FUN AND WORK. Taysha Oglesby, Timmy Poteet, and David Meredith had fun while working on the Senior section of the yearbook. Robin Crabtree wrote articles for the yearbook and Senior section.

MISSING STAFF MEMBERS. Other Juniors and Seniors who worked on various sections of the 1982 RAIDER are featured on the Division Pages of the sections that they were responsible for publishing.



THE ARTIST. Wesley Young did a great job on the artwork for the yearbook.

GETTING IDEAS. Donna Turner and Donna Whitaker looked for ideas to use on the Opening and Closing section of the yearbook — also the Division pages.

TALENTED WRITER. Robin Crabtree did a good job writing articles for the 1982 Raider Yearbook.

JUNIORS

JUNIORS! Never thought you'd make it this far, did you? Now, all of a sudden, you were second to none to the upperclassmen! The excitement of knowing that you had finally made it three-fourths of the way through! The excitement of knowing that next year you will have reached that final step of all steps — that great big, superior step — you will be a Senior!!! (You hope)!

The Juniors were one of the most active classes at Warren East. This was their year to have the prom . . . and to try and have enough spirit (and power) to overcome the Seniors in the JR-SR Playday! The class rings and keys finally arrived and the Juniors were officially "branded" as almost being the "top cheese!"

In other words, being a Junior was fun! Why do you think they have the nickname of being "Jolly Juniors?"

Students should take advantage of being carefree and jolly juniors. The Junior year usually turns out to be the "bestest" and the "fullest" year of all. Once that big . . . that eagerly awaited Senior year arrives, so do all the responsibilities (and expenses) of the last year!! The pressures of graduation, college prospects, and job possibilities all begin to take away from that carefree school life that one enjoyed as a Junior.

— **Robin Crabtree**

JUNIOR EDITORS. Taking care of those Jolly Juniors in the 1982 Raider proved to be a pleasant task for Cindy Bledsoe, Sheila Forbes, and Beth Smith. After redrawing their section for the third time, all Juniors were recognized fairly easy! These editors were not so jolly each time they had to start over! But, all in all, the Juniors were a jovial group.

OUTSTANDING JUNIOR — LISA DAVENPORT

Although she was an A-student in all classes, Lisa's favorite subject during her junior year at East was English. Her enjoyment with words, sentences, and reading helped make this her ideal subject area.

Lisa spent her free time playing the piano, singing, reading, and being involved with church activities. She stated that she liked all of the classes at East and the selection that all the students have, but that she would like to see an organization formed that would allow the students interested in the Bible and Christianity to work together.

After graduation, Lisa plans to attend college and hopefully study to be an elementary school teacher.

OUTSTANDING JUNIOR — KAMALA BURNS

Kamala really enjoyed her Junior year at Warren East because the school was a good size and she felt it was easier to know everyone.

Her favorite sports were basketball and football and she attended as many games as she could. Some of her father's enthusiasm must have worn off on her because she was seem at times helping him with his "little league" teams. She might even be a great fisherwoman and her fellow students just haven't found it out yet!

Kamala's future plans are not really settled yet — she would like to help people in any way that she can — either healthwise or even advice on life!

This OUTSTANDING JUNIOR included History as one of her favorite subjects and she wanted to see more school spirit displayed at East.

This OUTSTANDING JUNIOR enjoyed bike riding, skateboarding, and jogging as his favorite pasttimes away from school.

Mike's favorite subjects were Math and Computer Science. His future plans included the possibility of becoming a Computer Systems Analyst. With his favorite subjects listed, Mike should have brilliant plans for a bright future.

He said that he enjoyed attending Warren East because all of his friends were here, but he wouldn't mind the school being just a bit larger.

Mike was a Junior in Mr. Edwin Moss's homeroom and enjoyed being able to make good grades — particularly in his favorite subject — Math.

This was one OUTSTANDING JUNIOR we knew we would hear good things about in the future!

SOPHOMORES

Having shed their green skins, they stepped closer to their goals and dreams and became Sophomores!

When they walked through the door that cloudy late-summer day, the Sophomores entered into a year of restrictions and requirements. They were locked into the confinements of not having the leeway of an upperclassman or the forgiveness of being a naive freshman! They were forced into a year of required classes and course work, but yet those Sophomores stood tall in face of a year full of headaches. They had very few elective classes to look forward to — nothing much except reading, writing, and arithmetic!

But these special people were able to take part in many extracurricular activities. The Sophomores were the builders of the future "greats" for Warren East.

They showed us their stuff in academics, athletics, and that special Sophomore allurement! Yes, they had an A-1 year! Could we expect anything else from Warren East Sophomores? After all, the best part of a sandwich is in the middle!

SOPHOMORE EDITORS. Working on the Sophomore section of the 1982 Raider yearbook proved to be a fairly easy task for Dana Pippin, Rhonda Grimes, and Sue Simmons. The hardest part of the entire section was keeping up with the reentries and withdrawals — this meant redrawing layout sheets, juggling spaces for pictures, and many more headaches! Then, there was always the decision of who would be boss on which day — with three working together on a section, this meant that the same person couldn't be boss every day! This responsibility had to be rotated! No one ever said getting out a yearbook would be easy!!

FRESHMEN

They opened the door and walked in! You could tell who they were! They were the ones in one big group! They were the ones with that sick, excited look! They were the Freshmen . . . the class of 1985!

As they walked down the hall, they were bombarded with shouts of "Greenies," but they seemed to grin and just shrug it off. They seemed to expect it . . . seemed to be prepared for those big, bad, ugly, roughlooking upperclassmen!

After that first week though, they began to fit in with the rest of the scheme. No more shouts of "Greenies" were yelled because now they were part of the pride and spirit of Warren East.

It seemed hard for the upperclassmen to remember that they were "Greenies" one day themselves. Some seemed to sympathize with the 9th graders — their memories were clear as to how they felt on their first day at East. How nice it would have been to have had some friendly upperclassman to have showed a genuine interest and smile!

Every Freshman must have experienced this — even the 1981-82 Freshmen! Their day will come though, and a new group of Freshmen will be at Warren East. These shouts will continue to be heard each year, only the yells will be coming form the 1984-85 Seniors!

FRESHMAN EDITORS: One of the hardest jobs on the yearbook staff would have to be working with pictures of people you do not know. This was the biggest headache that Cindy Dinsmore, Renee McElrath, Anita Plumlee, and Lisa Frye had to cope with — besides the problem of all four juniors trying to get along for one period during the day! (More arguing and bickering came from wherever this group were located than from the entire group in the room)! All of the other students had at least been identified in last year's yearbook, but the Freshmen were yet to be known! Working with patience, perserverance, diligence (not always working together with these adjectives), and the aid of homeroom teachers, all of the Freshmen were finally identified, and hopefully — correctly!!

After a personal interview with Math teacher, Mrs. Hilda Jenkins, it was learned that this subject area did seem to hit some of this year's Freshmen with this effect. But with the competent Math Department at Warren East, most Freshmen seemed to make it back to earth by the time grade cards rolled around!

LOCKER FASCINATION. People outside of school life would never be able to believe just what an important part lockers played in students lives at Warren East. Jeff McCrady used his for a brief rest stop between classes — for others, they were used to bang together and make lovely sounds; others used them to get their loved ones cornered against; others used them to hide behind; and others never seemed to use them at all because they never seemed to need any books they had in them!

FACULTY

We all change — some of us for the better . . . and some of us for the worse! But, after seeing some of the photographs from the past on the following pages, the Warren East teachers, we know, have changed for the best!

There was a silly rumor going around Warren East that after college, education for our faculty stops! False information indeed! Our teachers, after completing their basic college requirements, have been busy working on Masters Degrees, Rank I Certifications, and even Ph.D.'s!

This studying — and dedication — paid off well! Some of the Warren East faculty members have received various awards — including such awards as the Kentucky Science Teacher Award on up to the Kentucky Educator of the year!

Much of the time teachers spent with extracurricular activities were done so because they were interested in the students and their involvement. So many times, we as students, seemed to think the teachers had to do so many extra duties and we take this for granted. Most students have found time to express their appreciation for teacher involvement with their activities and extracurricular interest.

As students, we feel we can relate to a recent line in a song — "we don't need no education" — how do you think the Warren East teachers feel as they attempt each day to convince the student body just how important learning is to each individual — and the disappointments they feel when they do not succeed with some individuals!

— Taysha Oglesby

Through the doors of WARREN

FACULTY EDITORS. Using a famous ad line — we could quote, "This was the year of the Change" for the Warren East faculty and staff! From the beginning of the 1981-82 school year — right up until deadline time for the yearbook in February, Faculty Editors Denise Quintana, Sandy Hudson, and Sharon Manco were kept busy switching pictures and names! For the past 12 years, very few changes had been made in the teaching staff at East, but from the beginning of school in August until the first of the year, there were approximately seven changes in the various positions at WEHS. This was definitely the year of the change for the editors to work with this section of the 1982 Raider — but by keeping their noses to the grindstone, these three hardworking staffers were able to come through with flying colors.

ANGEL IN DISGUISE. Contrary to what many students believed, Mr. Lee was helpful and understanding to many W. E. students.

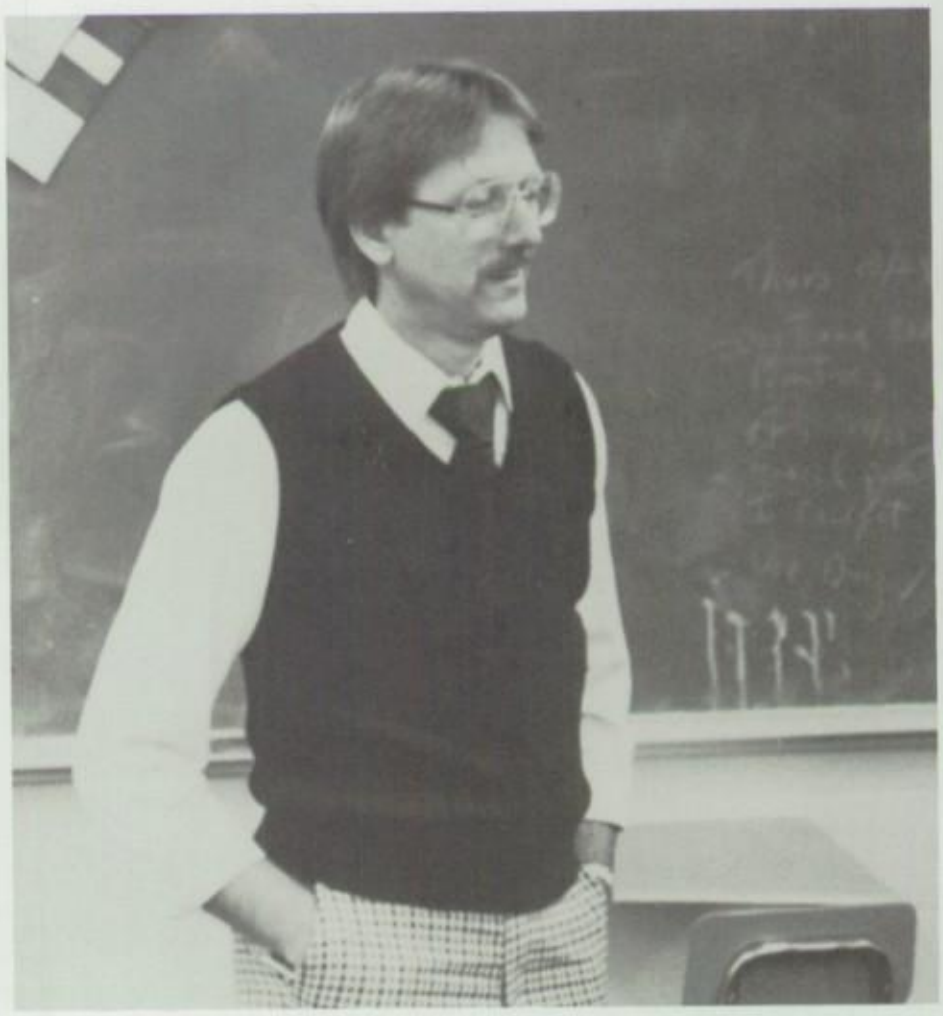
PROBLEM SOLVERS. Secretaries Mrs. Gladys Herrmann and Mrs. Jessie Hines helped make the days brighter for many students.

English at

WOMAN WITH MANY TONGUES. In addition to teaching English courses, Ms. Carolyn Madison also taught French and Drama and co-sponsored FSL.

DEPARTMENT HEAD. Mrs. Suzanne Alexander always had a friendly smile for her students! She taught Senior English and served as an SAE sponsor.

FREE LANCE MAN. Mr. Joe Marcum was the newcomer to the English Department at Warren East this year. He is married and has an 8-year old daughter named Lori. In his spare time, Mr. Marcum wrote a column for the Park City Daily News. He also served as the Tennis Coach for the boys at East.



MANY DIVERSIFIED INTERESTS. Mrs. Mary Sadler's favorite pasttime was working with horses and participating in horseshows. She also handled a "mean" knitting needle and dabbled in various crafts! — Then she taught English in her spare time at East!

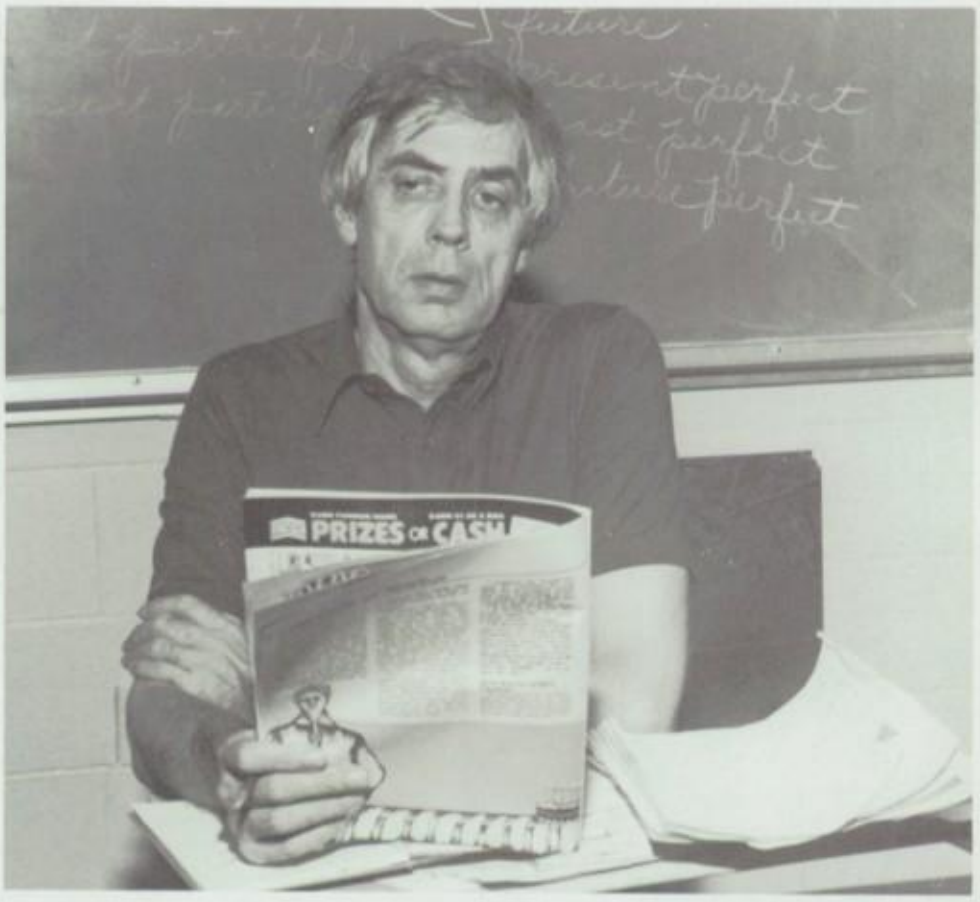
its very, very "bestest"

DREAM OR NIGHTMARE? Mrs. Stephanie Moore, a graduate of WEHS, had always dreamed of one day becoming a teacher; then she did — and at Warren East — and also worked with the Speech Department.

LET'S TRAVEL. Spanish instructor, Mrs. Carol Barry, worked on plans for a trip to Mexico for interested students — wonder if this included her husband and that special "little one" at home?

RUNNING MAN. Fred Carter served as head basketball coach for the girls as well as teaching English and Reading courses. In his leisure time, he enjoyed jogging and competing in local races.

NERVE-WRACKING DEADLINES. Mr. Curtis Wilkins, Journalism teacher, pushed his students to meet deadlines all year for the school newspaper, *The Student Voice*.



Loads of Talent

HOME EC COUNSELING. Mrs. Janis Moore, Home Economics teacher, enjoyed working with all of her students and was always willing to work individually with them.

DRAWING LADY. Mrs. Rhonda Sweeney, Art teacher, showed her students new techniques that would help them with their art projects. Art students even found uses for empty egg cartons.

HARD AT WORK. Mrs. Naomi Mayes worked diligently to help her students learn all there was to know about Home Economics and problems they would encounter after leaving Warren East High School.

AH 1, AH 2, AH 3. Band Director, Mr. Larry Long, conducted his Concert and Pep Bands with a masterful hand. Mr. Long also directed the Warren East Choir in their performances.

Keeping Up With the Changing Times

NEW COOL DUDE. Mrs. Phyllis Oglesby maintained a calm composure throughout all of her business classes. This was the first year for Mrs. Oglesby in the Business Department; she had previously taught for several years in the World of Work program. She taught Introduction to Business, Recordkeeping, and Typing I classes and helped with FBLA this year, along with working with the Sophomore class.

TWO HEADS ARE BETTER THAN ONE. Mrs. Peggy Cowles, Business Department Chairman, and Mrs. Karen Hayes, FBLA Adviser, helped keep the ship afloat by working closely together in their department.

SMILE BEFORE THE STORM. Mrs. Debbie Richey, Raiderette sponsor, smiled devilishly as she planned work for her Accounting I classes and all of her dedicated students in those classes!

Some Old Math

FORMER GRADUATE ON STAFF. Mrs. Pam Harned, a newcomer to the Math Department, replaced Mrs. Peggy Cunningham to teach Geometry and Consumer Math. She graduated from W. E. in 1971 and from W.K.U. in 1975 with a major in Mathematics.

OUTSTANDING YOUNG EDUCATOR. Math Department Member, Mrs. Brenda McGown, was selected as the Outstanding Young Educator in the state of Kentucky for 1981.

MISS "C" HIGH 1950. During the week of Football Championship Play-Offs, Mrs. Hilda Jenkins displayed past and present school spirit with her outfit from the '50s.

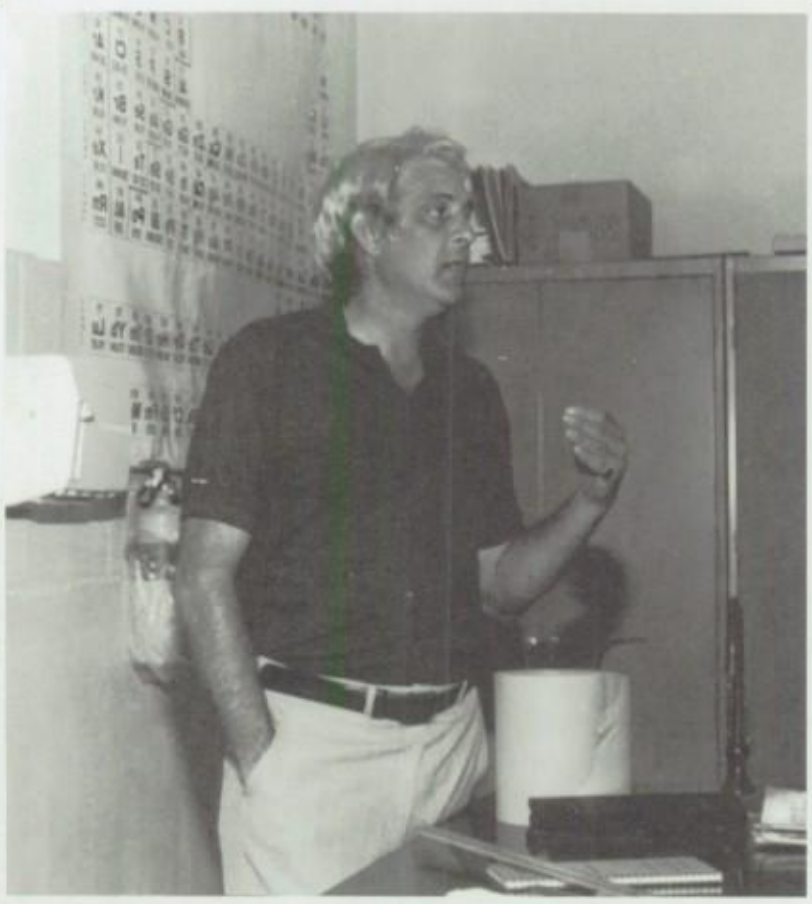
+ Some New Math = Sum Good Department

OUTSIDE INTERESTS. Math Club Sponsor, Mrs. Donna Carlye, considers camping her favorite hobby, but three-year old Jeffery would have to be her main interest!

9 MO = 1 G. Mrs. Mary Moss has been teaching at W.E. for the past seven years. When she first came here, she was Mary Griffing — but 1.A.teacher, Edwin Moss, led her to the altar. They are now the proud parents of Christine Marie, born October 3, 1981.

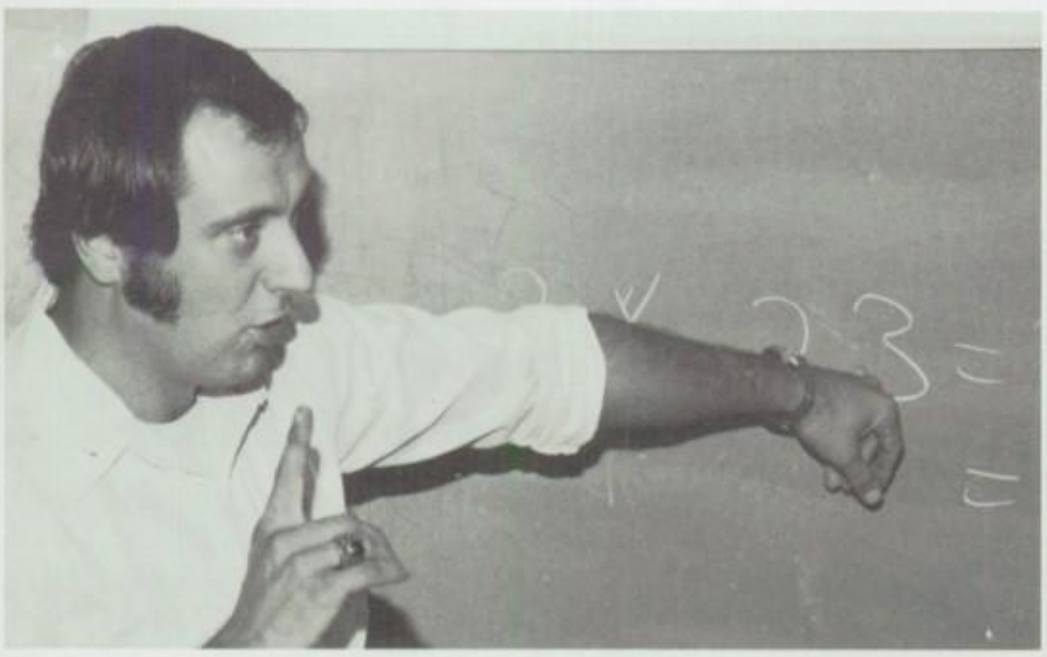
MATH + MORE. Special Ed teacher, Mrs. Nancy Houchens, was a "jack-of-all-trades" when her degrees were listed. She has a degree in Elementary, Reading, Special Education, and holds her Rank 1 in Administration. Among her many subject areas she worked with was Math. She has a new home in the Plano area and likes to dabble in antiques.

Frogs, H2O, and Velocity



BIG DUFF TAKES OVER. Tom Duffer, Science teacher, became Assistant Boys Basketball Coach. This was the first year he messed with the "big" round ball. He had previously served as Golf Coach.

BUSY, BUSY PERSON. Mrs. Helen Richardson enjoyed her job as Biology teacher and led a busy homelife with two small girls — and one tall husband!!

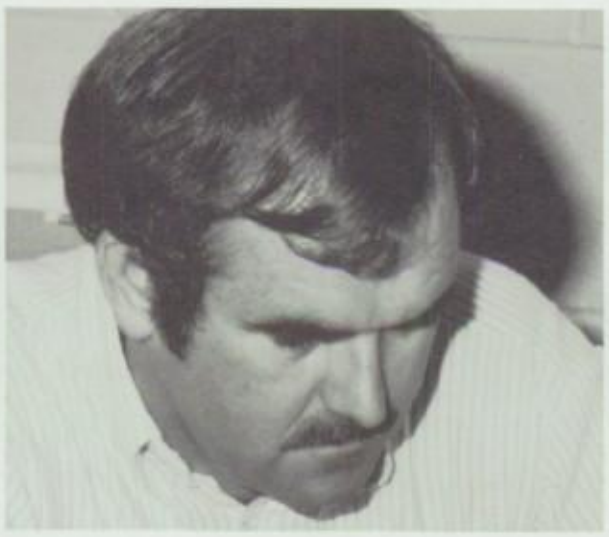


ONE BIG POINTER. Steve Zimmer, Head of the Science Department at Warren East, played an active role in helping students as they participated in various science fairs and exhibits.

THEORY UN-SCRAMBLER HELPER. Ms. Martha Schell always seemed to do what she could in order to help her students grasp those scientific theories. She helped Cathy Devine to redo her workbook problems.

FORMER STUDENT ... NOW TEACHER. Pat Stewart, a 1975 graduate of W.E., successfully completed his first year of teaching biology. He commented, "The students at East are easy to work with."

Washington, Abe, Truman, and Phyllis



SPIRIT KEEPS MOVING. Mr. Bill Utley, Head of the Social Studies Department, kept his active school spirit alive by coaching the baseball team.

PUSHES GOOD CITIZENSHIP. Gwen Carpenter has taught psychology and citizenship for five years. Her other talents include tennis, sewing, and cooking.

MASTER TEACHER. Before coming to WE, Mrs. Joyce Frye taught at Richardsville.

LATEST ADDITION. Elizabeth Webb was a new face and a welcome addition to the Social Studies Department.

BUSY BODY. Mrs. Ellen Alexander had a busy year coaching the cheerleaders, co-sponsoring Beta Club, and caring for three children and a husband.

P.E. is alive and kicking at Warren East

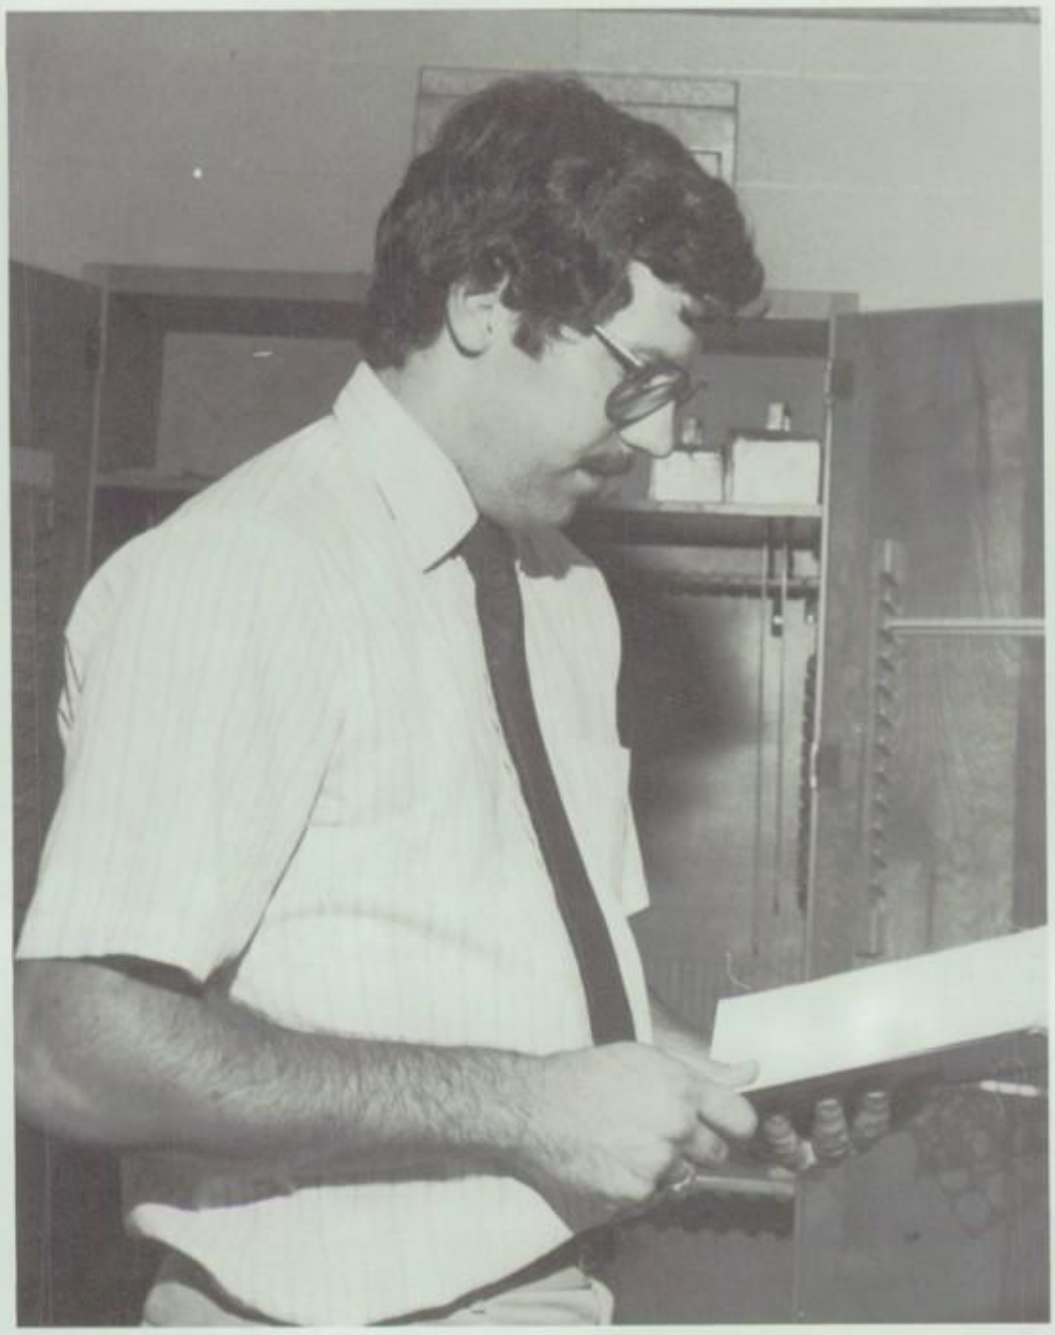
HEAD HONCHO. P.E. and Health instructor, Mr. Tommy Compton, accepted the challenge of head boys basketball coach for the 1981-82 season. He used typist Terri Hill for some secretarial assistance to help handle all of the paperwork involved with his new job.

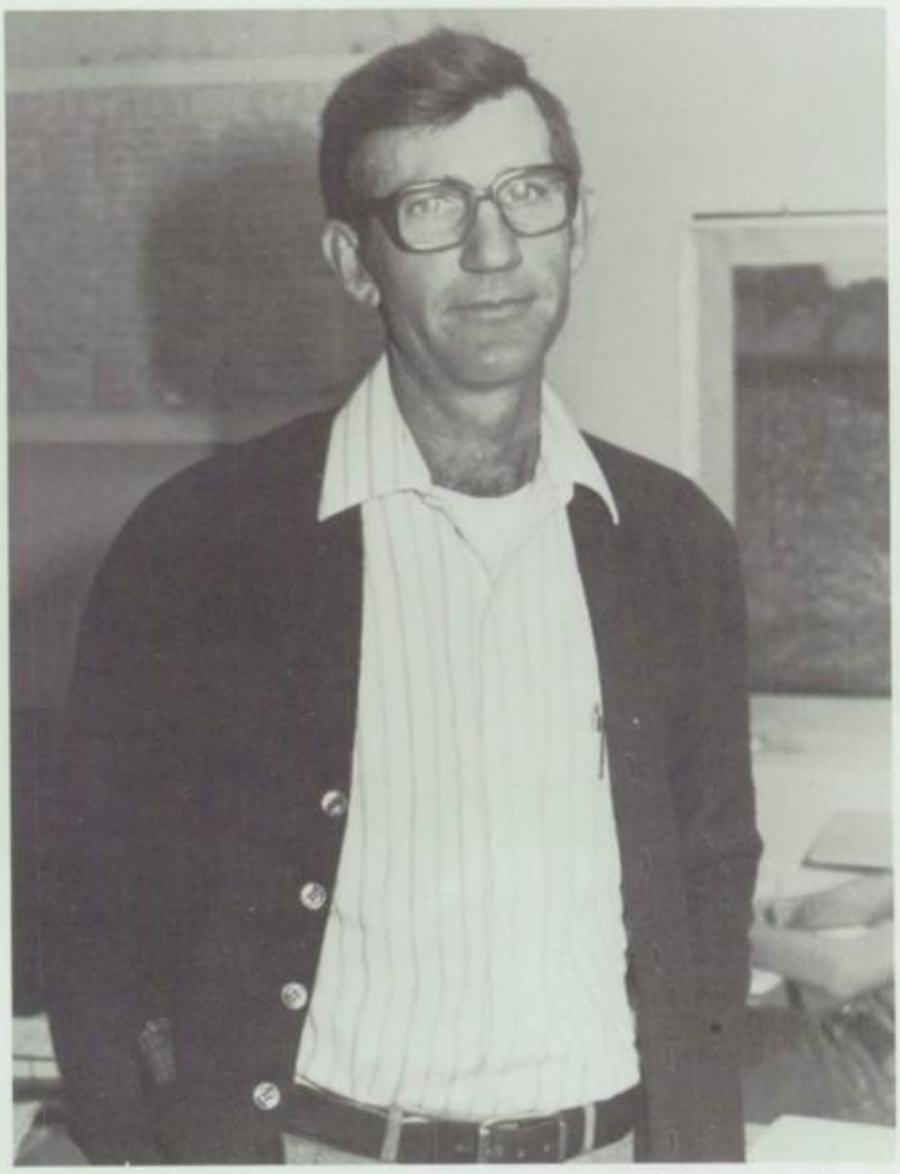
PEARLY WHITES. Teaching has been a rewarding experience for Mrs. Jeanne Edwards. After her many years of classroom teaching, she still had a bright smile for her health students.

TIME FOR A CHANGE. Head Football Coach, Mr. Jim Ross, changed his appearance this year by shaving his mustache and beard. This helped bring about all that good luck for the 1981 Raider football team!

P.E. ACTION AT BEST. At times, Mrs. Lenora Isenberg could sit back and enjoy the antics of her P.E. classes! Mrs. Isenberg also worked with the cheerleaders.

Vocations prepare students for the future





PROUD PAPA. After serving three years as the assistant coach for the girls basketball team, Mr. Edwin Moss (I.A. instructor), became the proud father of a future lady Raider for the 1997 East basketball team!

CLUB SWINGER. Mr. Gary Vincent, FFA adviser, has taught Agriculture for 12 years at WEHS. Besides working with the club at East, Mr. Vincent spent most of his spare time using his golf clubs at the various links around BG.

KEEPING AN OPEN MIND. Another FFA adviser, Mr. Mike Hughes, always listened to new ideas from his agriculture classes. He will probably put all of this advise to good use on his new farm that he moved to during the 1982 school year. Now he can start training his two young FFA future members!

Happy workers and hard work pay off

GREAT ACCOMPLISHER. Mrs. Connie Zimmer put a great deal of time and work into taking care of the library at East — 8 years of time! When she first became the Librarian, there were 3,500 volumes; today there are over 10,000 books!

FAMILIAR-LOOKING NEWCOMER. After 6 years of housekeeping and childrearing, Mrs. Sheryl Brooks became the new Library Assistant at East. If anyone noticed any resemblance between her and Mrs. Hines (Office Secretary) — they would be very observant; they are Mother and Daughter!

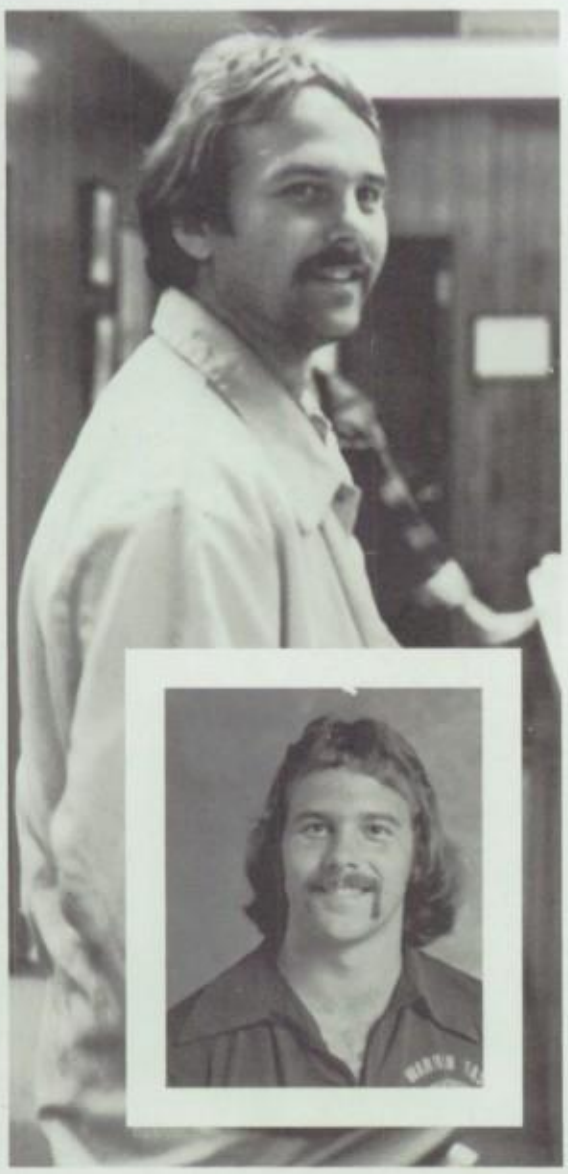
JOB WELL DONE. The student body at East really appreciated Mr. Cecil Boards, head of the Maintenance Department at WEHS, for the great job he has done for the past 11 years. Cecil always had a happy smile and a willing hand to help.

HARD AT WORK. Every day students could see Mrs. Ann Willoughby hard at work doing her part in keeping the school neat and clean. With a ready smile, she sometimes had her assistant helping her — her young son!

W.E. faculty always ready to steer students in right direction

LET'S MAKE A DEAL. Guidance Counselor, Mrs. Nelda Wheat, had the reputation for treating students just right! She has been at Warren East for 10 years in her present capacity of guiding students and steering them in the right direction for the future.

FEET ALREADY WET! Dianne Vernon just completed her first year as Guidance Counselor at WEHS. She taught Junior High at North Warren before coming to East. She studied English and Spanish at Western before teaching. She said, "This is the best school around — and has such nice students to work with!"



WHAT AM I INTO NOW?? Assistant Football Coach, Dennis Tomek, moved from the Social Studies Department to take over as the Driver's Education instructor. He thought his "new classes were something else!" Seemed his first experiences with student drivers were something to be remembered!

TEACHER'S HELPER. Mrs. Rhonda Waggoner served as a teacher's aide in the Reading Lab. Her degree in Computer Programming from Bowling Green Business College helped her get the job. One of her most important duties was tutoring students in the Reading Lab.

Extra Needs taken care of

An integral part of our school year was often overlooked. Our bus drivers and cafeteria ladies played the roles of mommy's and daddy's while we were at school.

The bus drivers made sure we arrived at school safely throughout the year. The cafeteria ladies made sure we didn't go hungry!

We must all be thankful for the jobs they did and will continue to do as the years go by.

Everyone was always ready to get to that hamburger line and have those smiling ladies "pile up those plates!"

CLUBS

Were clubs just a way to get out of class? To a few lost souls they probably were, but to some dedicated students, it was a time for learning, sharing, and participating . . . a time for taking on extra responsibilities.
Many students represented Warren East proudly by holding offices ranging from the local level — to the regional level — and even on the national level in several of the various organizations sponsored at WEHS.

Each extracurricular club at Warren East were known for their unique trademark and involvement. These activities were a chance for an individual to excel in a crowd — for a "nobody" to be a "somebody," and a special "somebody" at that! Some of the involvements which individual clubs were recognized for would be the Senior Citizen Thanksgiving Dinner, Teachers' Tea, Flower Treats, Free Enterprise Fair Booth, Food Baskets, Christmas Sing-A-Longs at Nursing Homes, Election Return Helpers, and JR.-SR. Playday.

If an individual did put forth an effort to participate in any given club, they benefited from getting involved and helping the community and school.

So — pay your dues, and get involved! Get to work with Club Involvement at WEHS.

Assisting Kim with this enormous task of assembling pictures and materials about all of the club activities at WEHS was Sandra Duvall, Pam Saylors, and Terri Hill. Much "tracking down" pictures and information was involved with this section of the book. Using your full imagination would help in trying to understand what the students had to do to make this Club Section different, interesting, and informative. MUCH WORK — MUCH SUCCESS!!

A few of their positive reactions about the paper were: *Alice!* "I have really loved working with Ricky and all the staff and am very thankful for the guidance of Mr. Wilkins. I guess, all in all, I really enjoyed getting to talk to a lot of students and it helped me realize their point of view about our school!"

Ricky: "I enjoyed working on the paper. I think it gave me some practical experience because I want to be a journalist after I graduate from college. It was a lot of fun to work with Alice. Working on the paper, made me see the responsibilities and deadlines that were involved and it made me aware of Mr. Wilkins' patience and enduring support!"

SPORTS

Warren East High School Raiders have a long history noted for their success in sports. This is where most of the action occurred during the school year for some people! The entire year was filled to the brim with many different sports seasons!

Even before school officially opened, football practice had been going on — then two weeks after school started, so did the football games! The football season continued over into basketball because of being involved with play-off games.

Once football season ended, the basketball season began in earnest — for both girls and boys. The same squad of cheerleaders worked with both football and basketball.

After all the basketball tournaments were finally over — then other sports got underway. Students were able to choose between a large selection of Spring Sports to get involved with — baseball, golf, tennis, and track. These activities were available to any interested student at WEHS and the Raiders have excelled in many of these sports.

To be an athlete, an individual must work hard, be dedicated, have perseverance, and maintain good grades. The Coaches of all sports activities at East worked hard to set high standards and goals for the student participants. With all of this involvement, the people in all areas of athletics at Warren East, were able to meet their objectives — keeping in mind, "It's not so important as to whether you win or lose; it's how you play the game that counts!"

SPORTS EDITORS. Trying to put together one of the largest and most active sections in the 1982 Raider yearbook was no easy task; but "there wouldn't be a challenge if there were not some challengers!" This insuperable challenge was successfully met by Seniors Pam Belk, Tony Whitney, Kami Thomas, and Bobby Young. With all of these East "Superstars" combining their talents, this section would have to be declared "NO. 1!"

SPORTS

'82 — A GREAT YEAR FOR SPORTS

Considering over thousands of hours of practice and approximately 250 games and matches per seasons, the Raiders have had many outstanding seasons here at Warren East. This year has been no exception. With many district and regional championships, the Raiders have always been No. 1 in South Central Kentucky. With all the outstanding underclassmen and excellent coaches, there are sure to be many more great seasons for the Raiders.

NERVOUS! Dana Cunningham awaited her turn to enter the starting blocks.

FRUSTRATION. Steve Dubree seemed to be unhappy with his opponent as he got ready to serve.

DEFENSE. The Raider Defense proved to be one of the best in South Central Kentucky.

HUSTLE. Scott Smith hustled off the field after making an excellent play.

SPORTS: A WAY OF LIFE AT EAST

With about 270 players involved in Sports at Warren East, it is no wonder why Sports is a way of life here at East. From mid-summer — during July when the football players put on the gear — to the end of May — when all the baseball bats, golf clubs, track spikes, and tennis rackets are put up for the next year — the Raider teams are striving their hardest to be the best! With all their winning records, the Raider teams try to prove that they are best!

TIPOFF. Raider senior centers Junior Jones and Pam Belk tipped off the season to a good year.

AWAITING THE SERVE. Tammy Lee and Cynthia Veitscheggar awaited an opponent's serve.

OFFENSE. The Raider Offense was part of the mold of the team of their best season ever.

Play-Off Games Were GREAT!

1981 CHAMPIONSHIP TEAM IN ACTION.

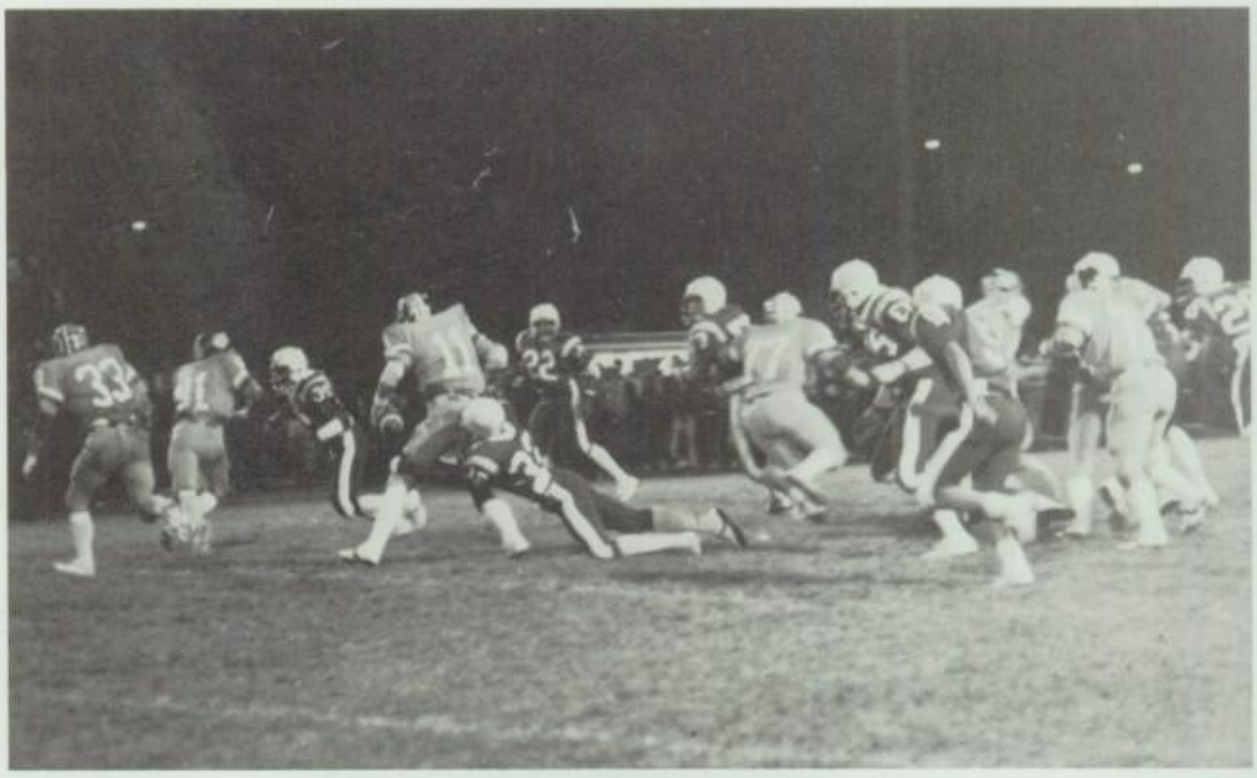
WEHS's 1982 Raider football team showed spirit, determination, and a huge amount of "guttsyiness" as they battled their way toward one of their best seasons on record.

As they fiercely fought game after game — brought home victory after victory, pride became their battle cry!

"All good things must come to an end," but the Raiders had nothing to be ashamed of! They had represented their coaches, WEHS, and region as well as any successful team could.

"The 1981 Raider football team was just a good group of young gentlemen, and we're proud of them!" That quote summed it all up for the season.

Raiders work

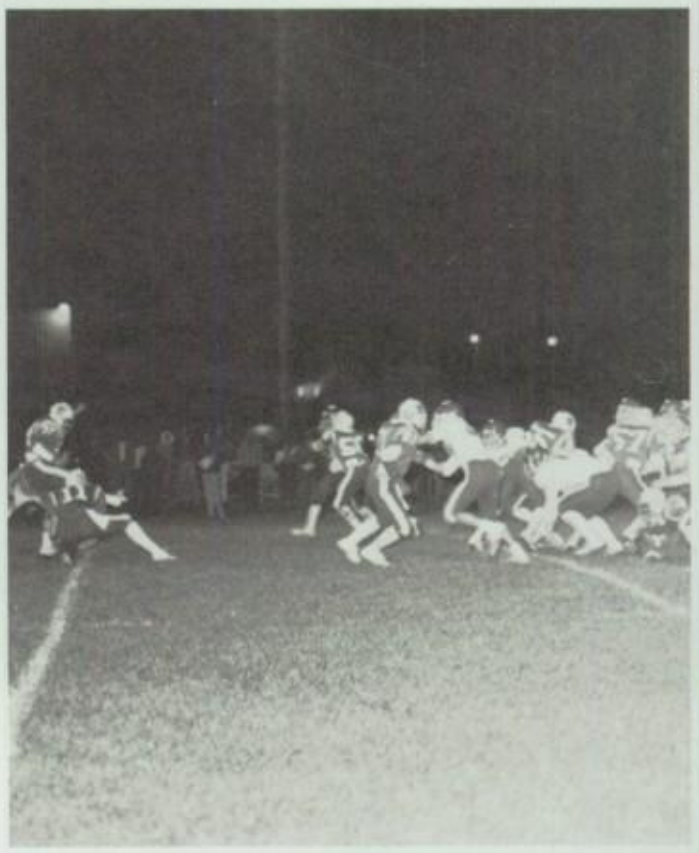


SACKED!! Raider Linebacker Senior Rickey Amos (32) wrestled Glasgow quarterback Scotty Jones to the ground.

A MOMENT OF SILENCE. The Raider Coaches and Team looked on very tensely in the important Green County game.

SENDING IT INTO OVERTIME. Mark Cooper's field goal sent the district game against Green County into overtime — which the Raiders eventually won 18-12.

SQUEEZING THROUGH. Robert Amos (33) slid through would-be Green County tacklers as Raider teammates opened the hole.



to prove they are champions!

The 1981 Raider football team at Warren East experienced what some people called the best season in Raider Football history. The Raiders posted a very impressive 8-2 regular season record and a 1-1 record in post season play. Not only that, but the Raider team also won the Region I, District II title. In winning the title, the Raiders defeated Allen County, Glasgow, and Butler County in their subdistrict. After winning their subdistrict, the East team defeated Green County 18-12 for the district title. The Raiders finally fell to a powerful Mayfield team 28-13 in the Region I title game.

The road was a very tough one for the Raiders and they showed their poise and courage throughout the season. The hard work finally paid off for the 14 seniors — most of whom had put in four years to reach their goal of a district championship.

East season begins Friday

Commentary

Warren East opens its 1981 football campaign this week by hosting Glasgow in a crucial 2-A subdistrict duel.

Oh, sure. Warren East has played six games — winning five en route to one of its best starts ever.

But the Raiders started looking to this week when they donned their girdle pads for opening practice sessions.

East, under veteran head coach Jim Ross, started preparing for the Scotties intensely two weeks ago in the same week the Raiders beat Todd Central 28-8. Last week, Glasgow was on East's mind before knocking off Allen County-Scottsville 33-0. And there is no doubt who they are thinking about this week.

The importance of the game is evident — the winner has won the local 2-A district title five straight seasons. East has won only once, a 7-0 decision in 1977.

To say that East is "sky high" would be like saying Bo Derek is cute.

But after a trip to Glasgow Monday, a contrast in mental attitudes is evident. It's life-or-death for East. It's "just another game" for Glasgow — 5-2 on the year.

At least that's what they wanted me to believe...hedging a bit so as not to give the Raiders any more incentive after beating East 20-13 last fall.

All the Scotties were walking around like clones, spouting "just another game, just another game, just another game."

If it's just another game, they sure don't act like it. They know the importance of the contest. It really is the season.

But it won't be the end of the season for either squad. Despite having distant hopes of a playoff berth with a loss Friday night, both teams have a shot at compiling excellent records.

It says here the game will be decided when the Scotties have the ball. Glasgow is tops in the area by scoring 33 points per game, while East's defense leads the area by allowing a stingy 5.6 points per outing.

Bowling Green High also enters another crucial 4-A district clash when the Purples entertain Paducah to do with Warren East and Glasgow.

Glasgow at W. East: On past record alone, Glasgow has to be a slight favorite. But these Raiders are tough, especially on defense. If East can shut down the Scotties' offense, a win is in the forecast. But the Raiders face for the first time this season a talented passing game, not to mention the running of Donnie Whitlow. The schedule has to favor the Scotties, with games against Bowling Green High, Corbin and Elizabethtown under their belts. Glasgow 20, East 14.

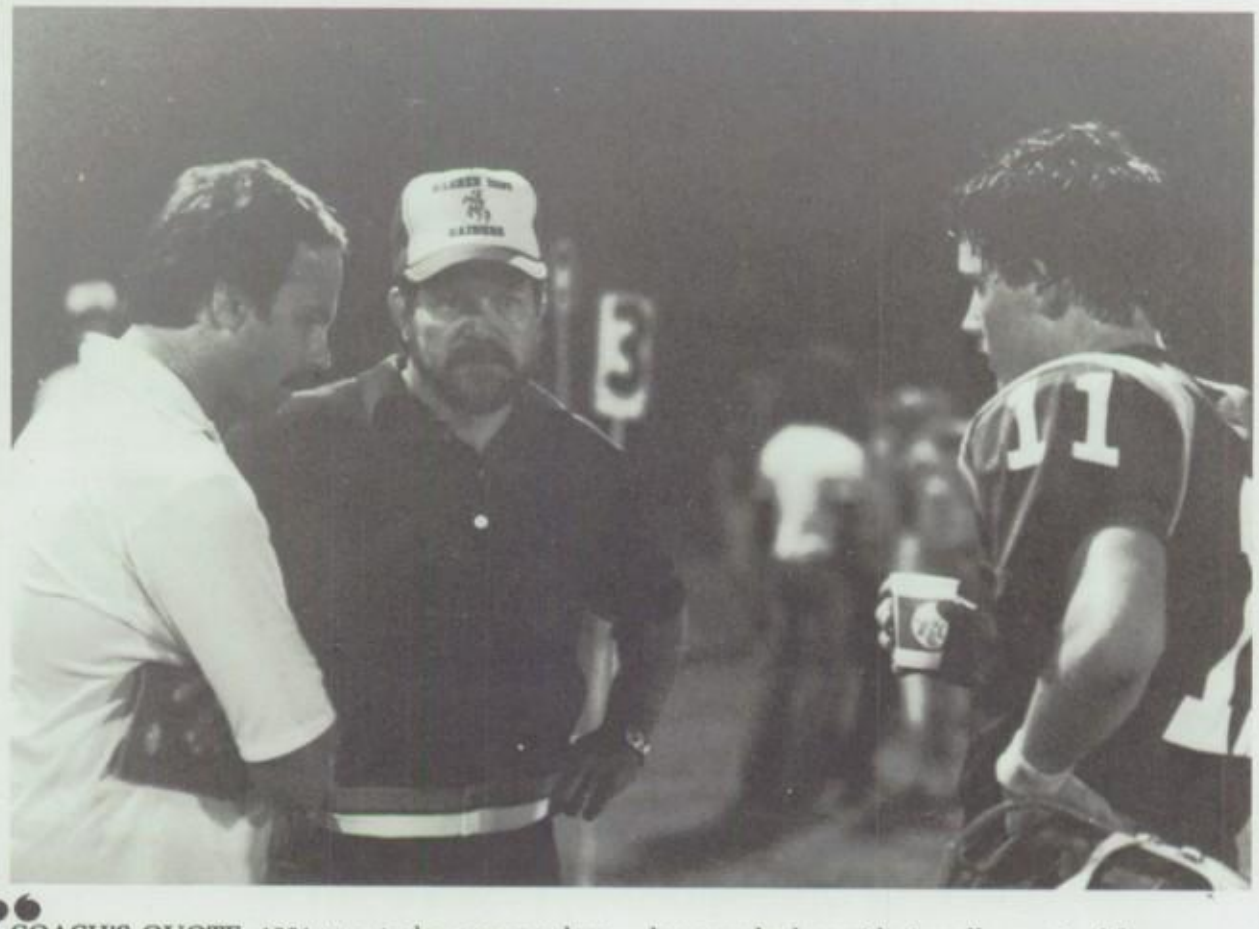
LATERAL PASS. Bobby Young (11) attempted to hand off the football to Senior Ricky Amos (32), while Mark Cooper (77) and Ronnie Johnson blocked for him.



COACH'S QUOTE. 1981 was to be a year when the Raiders would be faced with rebuilding their defense. We had a super year defensively as it turned out — allowing only 9 points per game, and only Mayfield scored more than 14 points on us. I feel this was the best football team Warren East has ever had considering all aspects of the game.

Jim Ross

PRIVATE CONVERSATION. Expressions looked grim as Coach Tomek and Coach Ross talked things over with team leader Bobby Young.

TOUCHDOWN! Catching a touchdown pass was Sophomore Devin Butler as Freshman Patrick Smith (90) watched the action.

JV AND FRESHMEN NUMBERS LOOK GOOD

The Freshmen and JV teams experienced a disappointing year as far as won-lost records were concerned, but the outlook for the future remained very promising because of the number of players who came out for the football team this year.

The Freshman team under Head Coach Scott Williams had many learning experiences and all of the players will be back for the 1982 football season. The Raiders had 20 players out for the Freshman team which was the largest number in several years.

Head Coach Dennis Tomek guided the Raider JV team to a successful season. Many of the JV players also contributed greatly to the Warren East varsity which experienced its best year in Raider history. Most of the JV players will be back to try and duplicate the 1981 season.

PAIN AND MISERY. Freshman Eddie Williams took an unexpected break in the action.

GET THAT TIDE OUT. A dirty uniform always meant plenty of game action and Albert Tanaro must have seen some!

HANG IN THERE. Preparing for a goal line stand was the Raider Freshman defense.

HOT AND SWEATY. After seeing some action, John Epley cooled off on the sidelines while the offense took over.

Senior Sports Superlatives

SPORTS AND MORE

Many Seniors who are involved in athletics are involved in many other extracurricular activities. Some belong to clubs, hold down a job, play sports outside of school, and at the same time, keep their grades up!

These Seniors have not only excelled in sports, but have shown the ability to handle leadership and responsibility. Their years at WEHS have been filled with fun, competition, sweat, and gratification. Some Seniors who have been highly competitive were: Bobby Young, Kami Thomas, David Britt, Pam Belk, Ronnie Johnson, Robin Crabtree, Tony Whitney, Donna Turner, Kevin Troxell, Charles Cook, Junior Jones, and Steve Dubree.

Quarterback **BOBBY YOUNG** has attributed his years at East to Sports! He has played football for four years and received the 1981 Best Offensive Player Award. He has also played baseball for three years and received an award for Most Runs Batted In — playing for the high school team and for the American Legion team. Bobby has also played basketball for four years, being a starter some during the 1981-82 season. Some of Bobby's leadership roles are Senior Class President, OSLA President, and Mr. Senior. His future plans include going to college and obtaining a degree in law. He hopes to carry on with his sports involvement in college.

Girls' basketball is finally making its mark at WEHS because of players like **KAMI THOMAS.**Kami Lee has played basketball for four years — being a starter on the varsity for the past three years. Kami has received the distinction of Most Athletic all four years at East in her class. She is currently serving as E Club Secretary-Treasurer and attended Girls' State as a representative from Warren East. She is also struggling hard to keep up her point average to be an Honor Graduate at graduation. Her future plans consist of attending college and playing basketball. As for career plans, she would like to become an elementary school teacher!

All-around athlete **DAVID BRITT** has excelled in athletics. He has played football for four years at East. He received the "Most Valuable Player" Award this year. David also played and excelled in basketball for four years. He was selected as "Most Athletic" his Freshman, Junior, and Senior years. David is also known in the office because during 4th period that is where he can be found working. David plans on attending college and hopes to play and continue his athletics.

SPIRITED SENIOR SIX. Leading the way with the basketball team were the six experienced Seniors — Charles Cook, David Britt, Tony Whitney, Junior Jones, Bobby Young, and Ronnie Johnson.

SMILIN' ROBIN. Just because Robin was in a tree didn't mean she was kin to the bird — Robin!! Although in her cheerleading ability, she could really move her wings — ooops! I mean arms around!

SENIOR THREE. Donna Turner, Pam Belk, and Kami Thomas added much to the Lady Raiders during their Senior year.

SWINGING STEVE. Playing tennis for four years gave Steve Dubree an advantage against his opponents.

2-PAR KEVIN. Experience was the key word for Kevin Troxell's ability in the golf game.

KEVIN TROXELL is involved in one of the least strenuous sports at East, but one which requires a large amount of concentration and skill. This is the sport of golf. Kevin has played golf for four years at East. He has won the First Flight in the City Junior Match Play, and First Flight in the Civitan Tournament. Kevin was voted "Most Argumentative" his Senior year. Kevin also holds down the Assistant Manager's job at Bonanza. Another accomplishmentof Kev's was being selected to attend the state competition of the American Private Enterprise Workshop in Lexington this summer. Kevin plans to attend college and to continue putting!

ROBIN CRABTREE has put four years of work into cheerleading. This year she is Captain of the Boys Varsity Squad. Robin received "Most Spirited" award at East this year. Some of her leadership duties are serving as the FBLA President and Treasurer of Math Club. She has attended Girls' State and was a candidate in the Warren County Jr. Miss Pageant. Her future plans include attending college and some day becoming a Data Systems Analyst.

Senior **RONNIE JOHNSON** has played football for four years at WEHS. He received the Best Halfback Award and the Academic Award in this area. Ronnie has played basketball for four years at East and has drawn the starting slot during part of the season. Ronnie is currently serving as President of E Club. His plans in the future are to attend college and to continue playing football.

Six-foot-tall **PAM BELK** is definitely playing basketball! — and has for three years at East. During the summer, she also plays softball. Pam enjoys basketball almost as much as she does her social life on Friday and Saturday nights! Her future plans include attending college and continuing her skill in basketball.

TONY WHITNEY is truly the All-American guy! Tony has played basketball for four years. He represented Warren East while attending Boys' State. Tony's other interests include building model cars and art. Tony works in the school office during 5th period. His plans after high school include attending college, majoring in computer science, and hopefully, playing basketball.

Senior **DONNA TURNER** may be short in height, but she is truly tall in her basketball playing! Donna has played basketball for four years. She loves basketball, but does not plan on playing while she attends college. Donna has worked on the school yearbook staff for two years.

Tennis-pro **STEVE DUBREE** has played tennis for four years at WEHS. After graduation, Steve plans to keep playing in tennis tournaments. After school hours, Steve enjoys riding motorcycles — riding it in the dirt. He currently holds down an after-school job, also.

Senior **CHARLES COOK** listed basketball as his favorite "occupation" in high school. He played the round ball for four years — starting on the JV his junior year and achieving his goal of being a varsity starter his Senior year. Charles was active in the E Club and plans to seek employment after graduation from East.

Basketball and Baseball were a way of life for **JUNIOR JONES,** having played both sports for four years. He received the "Most Improved" Award in basketball his Junior year. He has plans for college after graduation and hopes to continue being involved with his sports activities.

These Seniors, plus others that take a part in athletic events in various ways — whether it be participating or spectators — have many different interests and activities. Yet, they all have one thing in common — THEY LIKE WHAT THEY ARE DOING — in Sports and other activities, as well!!

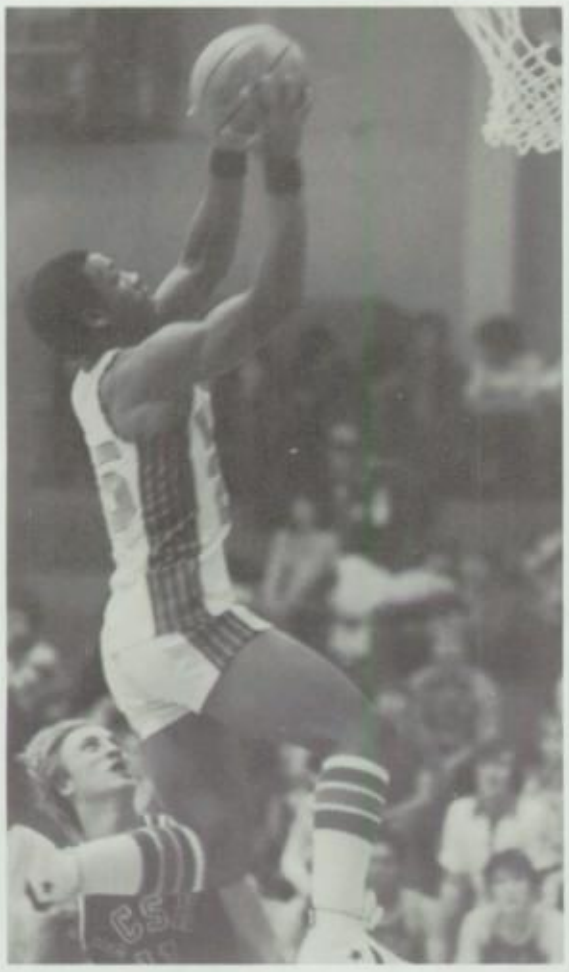
1981-82 RAIDER VARSITY BOYS BASKETBALL

Kneeling: David Britt, Stuart Hill, Ricky Amos, Darrell Wardlow, James Wilson. Standing: Coach Thomas Duffer, Scott Taylor, George Fant, Junior Jones, Devin Butler, Dwight Turner, Bobby Young, Patrick Smith, Ronnie Johnson, Tony Whitney, Charles Cook, and Coach Tommy Compton.

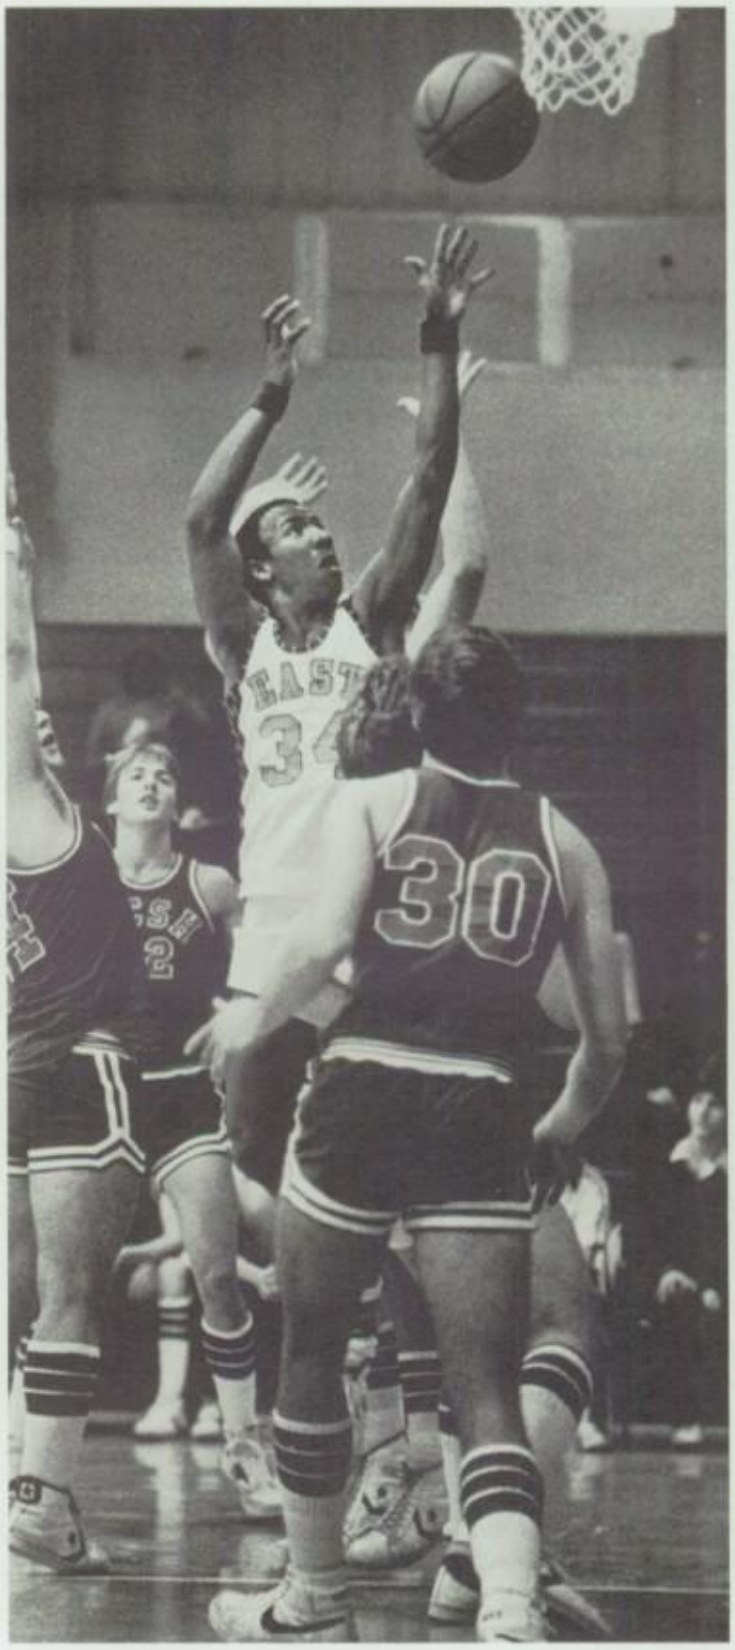


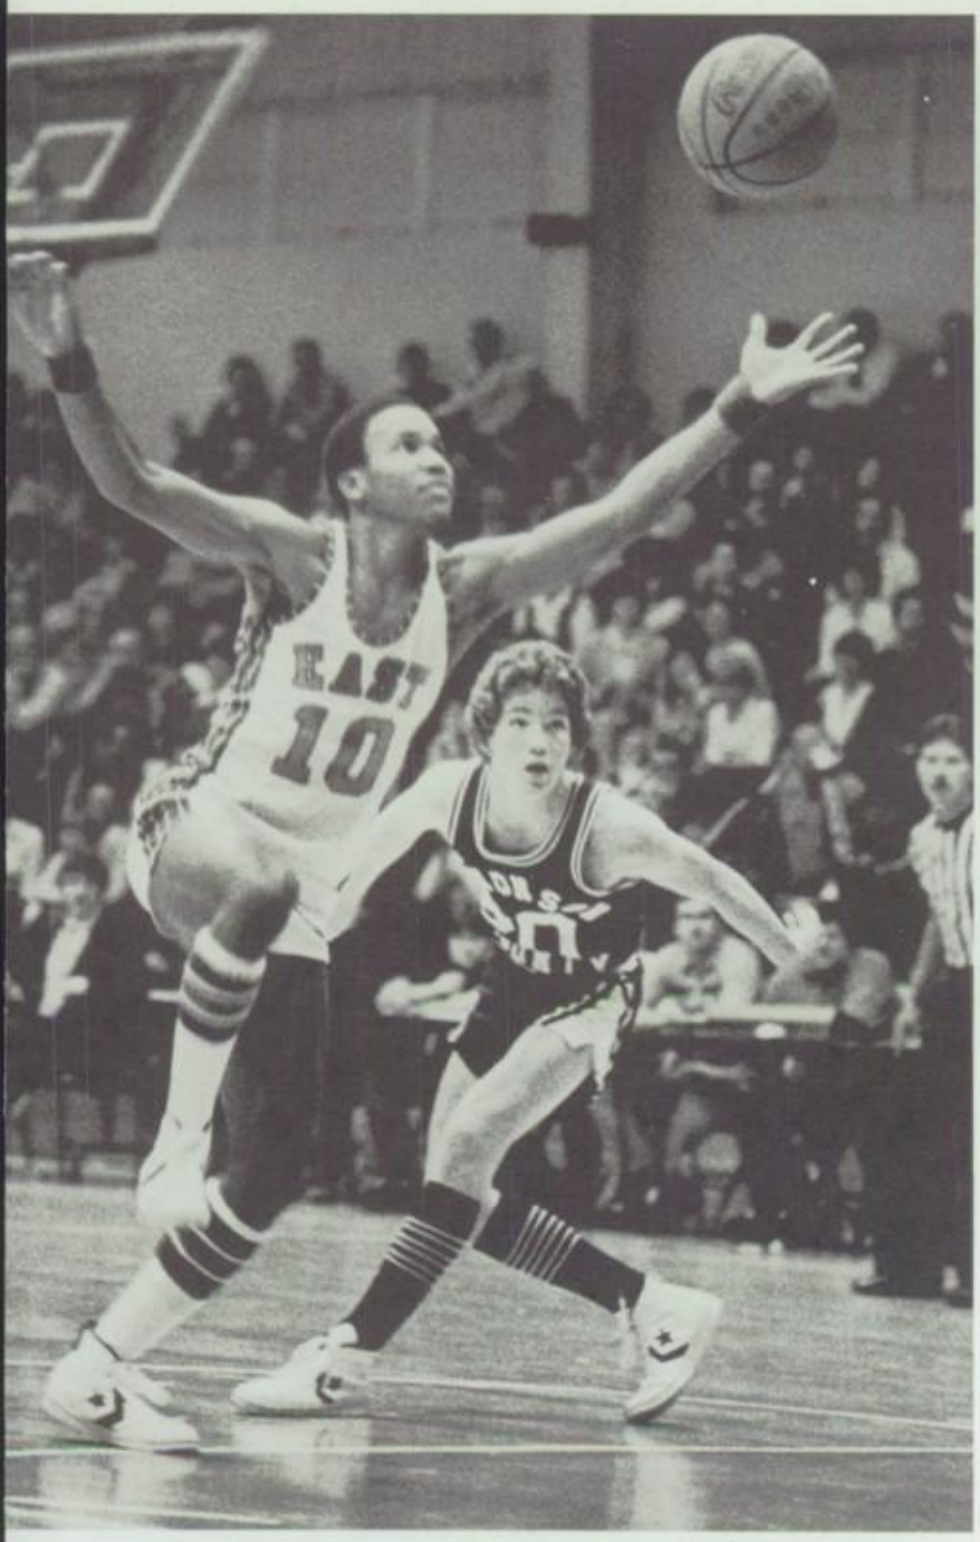
UP AND AWAY. David Britt skied above an Allen County defender for an easy lay-up.

THE LONE RAIDER. It looked as if Ronnie Johnson was the only Raider in a huddle of Patriots.

REACHING IN. Charles Cook attempted to knock the ball loose from an Allen County opponent.

EYE SPY: Bobby Young checked to see what was going on before he made his offensive move.





TAKE TO FLIGHT. With outstretched arms Tony Whitney attempted to get the rebound.

A SURE TWO. David Britt had no hand in his face to prohibit him from scoring a bucket.

ON HIS MAN: Bobby Young played tough man-to-man defense on his opponent.

Home Stretch Looks Good for East

The 1981-82 Raider Basketball season started out with a new twist. First, Tommy Compton, who was Assistant Coach last year, became the new Head Coach this year. Then Thomas Duffer became Assistant Coach. This brought about a new style of play for the Raiders and some readjustment for the team to go through. But with the leadership of six experienced seniors on the team — Tony Whitney, Bobby Young, Charles Cook, Ronnie Johnson, Junior Jones, and David Britt — the Raiders were able to have a winning season.

LOOKS CAN KILL. Senior Ronnie Johnson looked a little upset after being fouled on a rebound.

AIR-BORN. An Allen County Patriot had trouble getting by the superb defense Jr. Jones was supplying.

PERFECT FORM. Senior David Britt showed exactly what a right-handed layup should look like.

"ON THE RUN AGAIN." Senior Tony Whitney was always on the run to get the ball.

SUPER-SHOOTER. The shot was sure to fall as Senior Charles Cook fired for two points.

THANKS TO PARK CITY. Some pictures used in the Sports Section were compliments of the PARK CITY DAILY NEWS.

READY . . . AIM . . . FIRE! Sophomore guard Stuart Hill prepared to can two free throws for the J.V.'s.

BACKUP UNIT: Along with Scott Taylor, the Raiders got bench help from George Fant, Robert Amos, #50 James Wilson, Stuart Hill, #40 Patrick Smith, and Dwight Turner (in street clothes). These future Varsity players made several appearances during the '81-'82 campaign. 1983 — get ready!

Sweetin, and Coach Tommy Compton. **KNEELING.** Larry Smith, John Epley, Kevin Rector, Kenny Cosby, and Mark Rios.

Terrific first year

In his first year as Assistant Coach, Thomas Duffer proved that he could handle the job. Since he played college ball at Tennessee Tech and Semi-pro basketball in Europe, Coach Duffer knew the basketball techniques. He led the freshman and J.V. teams to a winning season — keeping up the tradition here at East. When asked what he thought about his year, he replied, "I felt I had a good year as first year coach. The players, the staff, and Coach Compton were really helpful in breaking me in. It took everybody to make things click and that is just what happened." In conclusion, Coach Duffer said that it was a lot of work, but also a lot of fun and made for long days and short nights!

UP AND OVER. 6′ 3″ Eighth-grader Dwight Turner passed up and over a *Dragoon* defender.

FINGERTIP FOLLOW-THROUGH. Another Raider showed perfection at the stripe — A'La Patrick Smith.

COLD NIGHTS. When football season lasted longer than usual, Ginger Appling and others had to apply warmer clothing.

Eight chosen for Boys Varsity

After all the ballots were counted and the dust had settled from cheerleading elections, the eight young ladies selected to cheer for the varsity boys basketball were certainly some agile and energetic individuals.

With their enthusiasm and vivaciousness, how could the team do anything but win!

LEAPING ROBIN. Leading the way, always setting the example for others to follow, was Senior Robin Crabtree — always full of pep and spirit for the Raiders.

TWO IS BETTER THAN ONE. With two "Watts" to light up the Raider team, how could our boys not "outshine" their opponents? Freshman Melissa Watt and Junior Michelle Watt added much to the cheerleading squad.

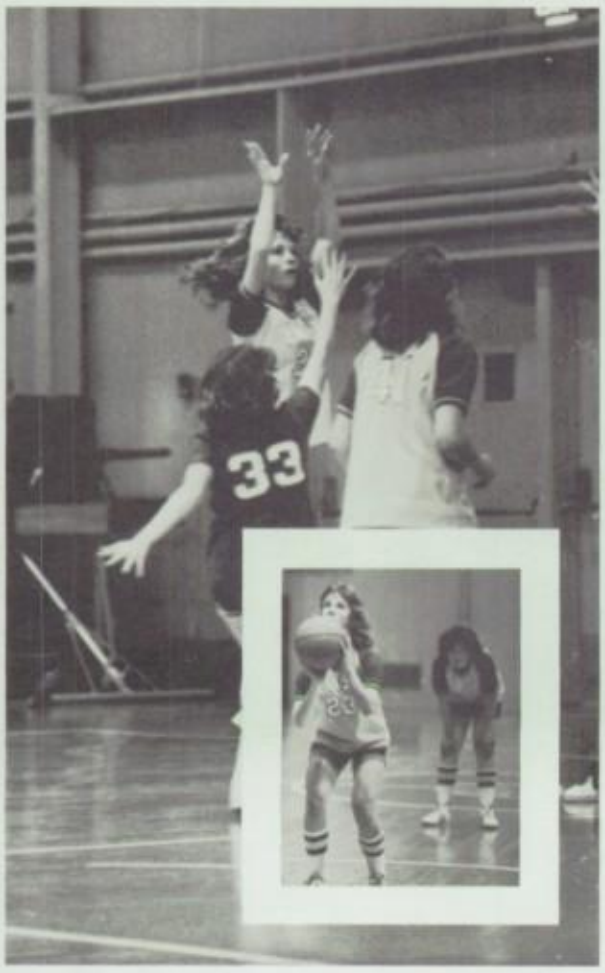
Lady Raiders gain experience



SURE SHOT. Paula Childers showed two sides of her shooting ability — a jumpshot and a foul shot.

AGGRESSIVE PLAY. Diana McCormick put her skill to the test when she went up for a shot with two Patriots on her back.

As most coaches would say, the Freshman team is the hardest to coach. It is not because of the girls, but because this is their first year of playing together and it takes time for things to gel. Our Freshman girls have contributed not only to their team, but also to the Junior Varsity and Varsity teams. As their basketball skills mature and they become Varsity players, they will be excellent competitors in this region and state.

AUTOMATIC. Michelle Williams knew that foul shots are an important aspect to the game as she put one up.

SOMETHING FUNNY? Stacey Paine and Michelle Williams enjoyed a laugh while Coach Moss and Coach Upton had a more serious look on their faces.

ONLOOKER. Micki Hare applauded the action of the game as she looked on.

EYES ON THE BUCKET. Stacey Paine concentrated as she went in for an easy lay-up.

PEP TALK. Diana McCormick and Michelle Williams talked their strategy over as they got ready for the game.

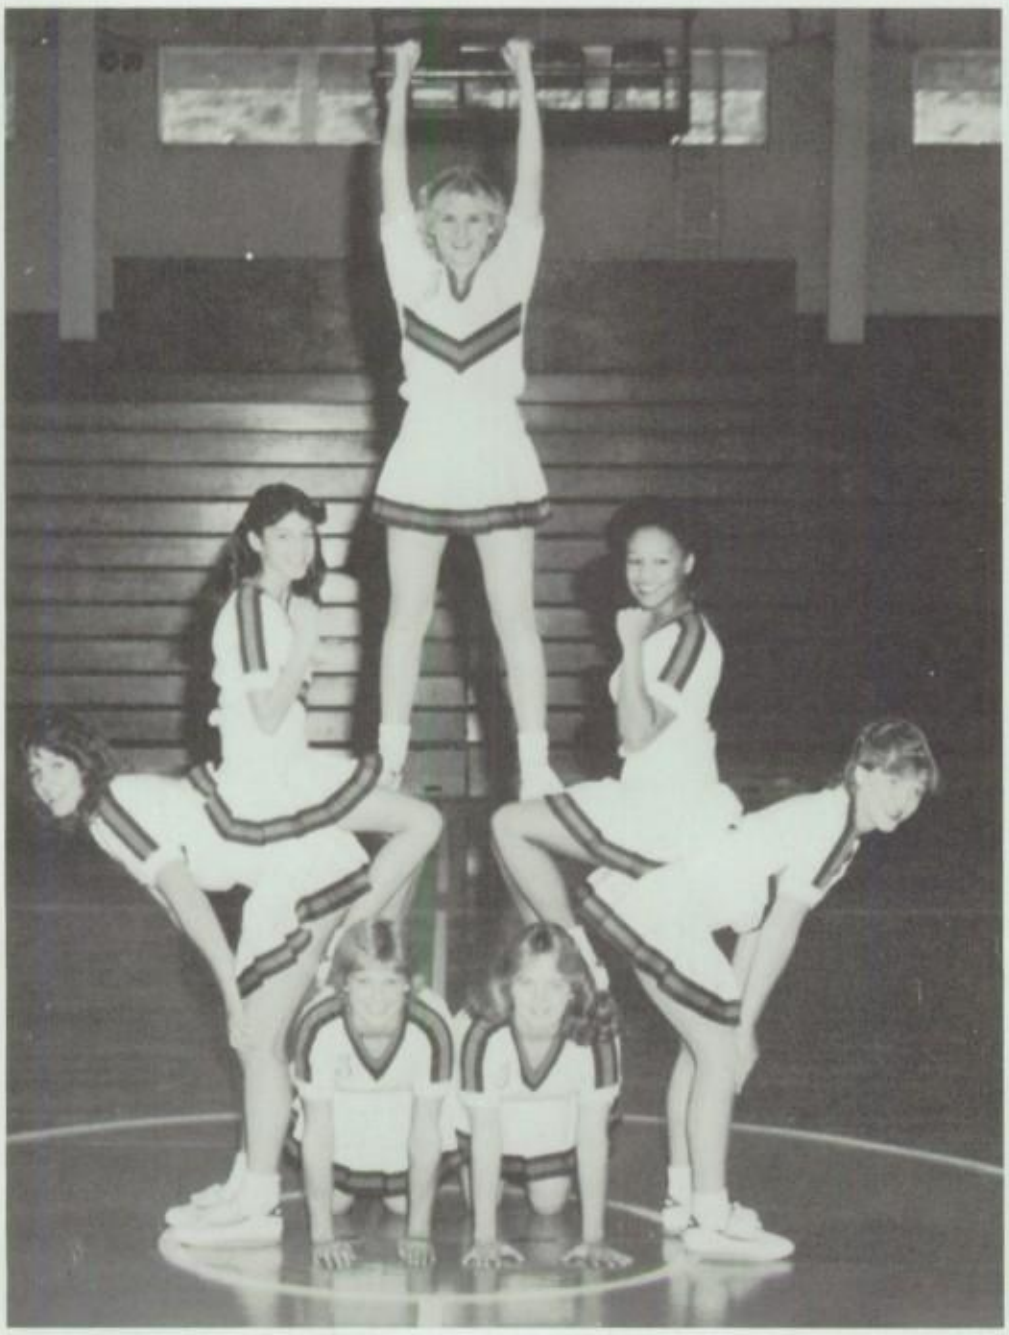
SEXY SEVEN. Robin Pearson, Sonja Whitney, Lisa Dubree, Tina Upton, Traci White, Sherry Gray, Kim Lindsey.



CAPTAIN GRAY. Sophomore Sherry Gray was elected captain of th cheerleading squad because of her leadership while cheering.

CLIMAX OF THE CHEER. In cheerleading there are many twists, flips, and turns, but the mounts are the most challenging.

AT WORK AND PLAY. Kim Lindsey did what came naturally; monkeying around and cheerleading, but she seemed to have more talent for cheerleading!

One squad for football — splits for basketball

• • •

During the football season, the cheerleaders that were elected for the boys and girls varsity basketball teams cheered together as one group. When basketball season bounced around, they made a split and cheered for their elected teams. Cheering for the Girls Varsity were Freshmen Robin Pearson, Lisa Dubree, Traci White, and Kim Lindsey; Sophomores Sherry Gray and Tina Upton; and Junior Sonja Whitney.

SHOUT IT OUT. Traci White gave it all she had when she cheered during the football season.

IN ACTION. The cheerleaders showed their form when they cheered at a home ballgame.

ONCE A LADY RAIDER: Sonja Whitney started out her freshman and sophomore years playing ball for the Lady Raiders; now she cheers for them.

OH! THOSE HEADACHES. Along with all the glory of being a cheerleader came the headaches of the long hours of practice, Tina Upton said.

LITTLE BUT LOUD. Lisa Dubree may have been the smallest cheerleader on the floor, but she made up for it with her cheering ability.

SPIRITED. Robin Pearson was one who had many hobbies such as swimming, playing softball, and dancing, but the thing she liked to do best was cheerleading because she enjoyed leading the school in spirit.

Off to another swinging season

Once again, the big blue and gold baseballers took to the mound and bases for another exciting season. Hopes were high — excitement was in the air! The weather was beginning to get warm and not much rain was in the forecast. Baseball season had arrived. Coach Compton had his team ready for competition — and compete they did — 30+ games in all!

COLLISION COURSE. Trying to make that run count was Bobby Blair.

FOURTH YEAR MEN. Competing for their final year on the baseball field were Blane Embry, Travis Edwards, Luther Gibbs, Jimmy Pillow, Mike Hines, Bobby Blair, and Todd Embry.

OLD HAT. For seven years, Coach Utley has helped support a successful Raider baseball team.

HOME RUN. Watching the ball go out of sight, Luther Gibbs (33) hoped he hit the ball hard enough for a home run.

THINK? Senior Jr. Jones thought — no, forget it, Jr. never thinks!

The future looks successful

Raider golfers tee off

The 1981 W.E.H.S. golf team was coached by Coach Tom Duffer. The golf team participated in the Regional Tournament at Indian Hills Country Club. The Raiders finished 16th out of a field of 24 teams. The future looks bright for the Raider golf team, as for the 1982 season they will have three returning players — David Grimes, Eric Mellencamp, and Kevin Troxell.

RECORD

The Raiders were only able to win one match out of six, but are looking forward to a very successful 1982 season.

1980-81 GOLF TEAM. Eric Mellencamp, Coach Tom Duffer, David Grimes, and Kevin Troxell.

GETTING READY. Preparing for a putt was Senior Kevin Troxell, who played golf all four years of high school.

TAKE THAT. Eric Mellencamp, senior golfer, drove the ball for a hole in one. One of many successful drives for Eric.

RIGHT ON COACH. Nothing could go right on the golf course without Coach Duffer there as "Head Honcho".

WHAT HAPPENED TO IT? Senior David Grimes wore a most disgusted look as he was unable to find the little round object that seemed so important to his game.

Swing and Play

AGONY. Senior Teddy Smith showed how he felt after the closeness of the match . . . DRAINED AND SWEATY.

BOYS

The boys tennis team went undefeated this year by beating such teams as, W.C., Allen Co., Caverna, and Russellville.

THRILL OF VICTORY. Jeff Wyatt knew what victory could be like after going through an undefeated season.

ACE. Steve Dubree had one incredible serve.

DOUBLE DOUBLE. Tammy Lee and Cynthia Veitscheggar waited for the ball to be returned as the girls wished for a win.

W.E. track — Trailblazers!

Get ready — Get set . . . GO

The '81 Spring track season treated the Warren East track team very well. The men's track team competed in 6 meets, while the Lady tracksters entered only 5.

In the 6 meets, the men placed 4th in one, 3rd in two, 2nd in two, and won one. Some of the strongpoints of the team were in the 440-yard dash and high jump. Mike Hazel had the fastest time and won the Regional with a time of 52.6 in the 440-yard dash, while Charles Anthony ran a close second at 53.2. Evans Fant led the way in the high jump by placing 2nd in the Regional with a leap of 6'2".

The Lady Tracksters, with the largest team ever at Warren East, closed out the season on a sweet note. Dana Cunningham led the way by placing 2nd in the high jump with a leap of 5'6". With this second place finish in the Regional, she gained a berth in the sectionals held in Owensboro. Although Dana's trek ended here, she will return in '82. Another bright point on the Lady Tracksters was Vanessa Hudson. She placed 3rd in the Regional by hurling the disc 92 feet. The best thing about Vanessa is that she will return as a Junior in '82.

Overall, the 1981 Warren East Track team had a successful season and with several returnees, Coach Tomek and Coach Moss should get off to a good running start in 1982.

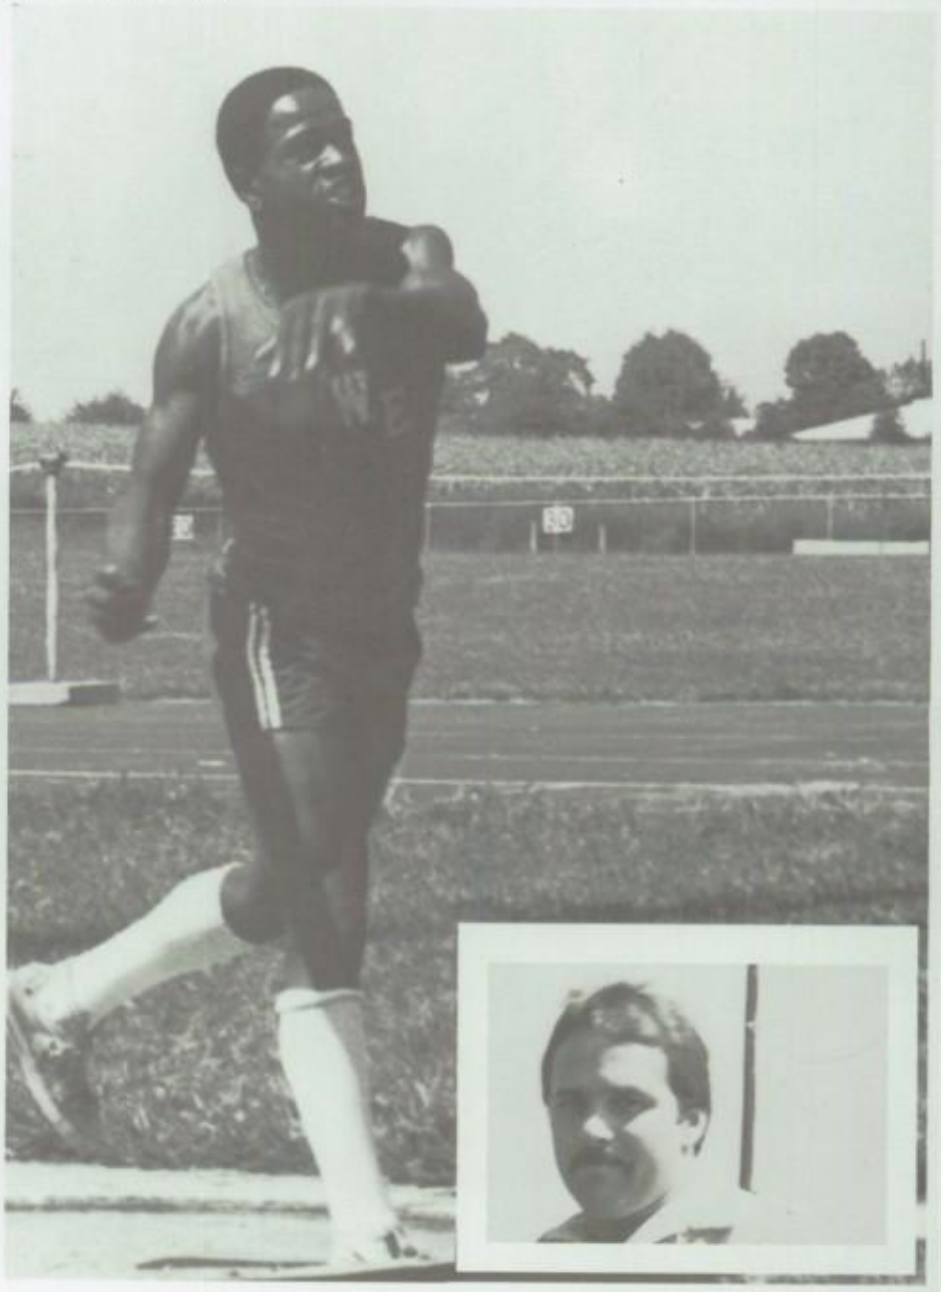
RUNNERS — LADIES + GENTS. FRONT ROW: Coach Edwin Moss, Sandra Hearld, Taysha Oglesby, Linda Miller, Jimmy Maroney, Mike Long, Jay Moore, Jack Simpkins, David Landrum, Coach Dennis Tomek. MIDDLE ROW: Tammy Woodcock, Susan Tomlin, Sandra Johnson, Tracy Carter, Joe Simpson, Randy Russell, Greg Shelton, Evans Fant, Ricky Amos, William Allen. BACK ROW: Susie Thruman, Vanessa Hudson, Becky Castle, Dana Cunningham, Todd Owens, Mgr., Michael Massey, Hugh Miller, Mike Hazel, Greg Sweeney, and Larry Barnes.

CHORUS LINE. The Girls 880 Medley Relay Team — Susan Tomlin, Taysha Oglesby, Linda Miller, and Susie Thurman.

LEAPING LANDRUM. "One small step for man, and one giant leap for mankind!" This was trackman Landrum's philosophy.

OOOPS! Would that be a look of frustration on Coach Tomek's face?

GIVE IT MY BEST SHOT: Heaving for a shot put record was Senior Evans Fant.



FEARSOME FOURSOME. Mile relay team — David Landrum, Mike Hazel, Rickey Amos, and Evans Fant.

HELMSMEN. Edwin Moss was the coach of the girls' track team and Dennis Tomek coached the boys' track group.

OPPOSITE ATTRACTIONS. Vanessa Hudson and David Landrum could not work as a team going in different directions.

EXPAND THOSE LUNGS. Susie Thurman knew that a runner must possess a positive attitude . . . I can make it, I can make it . . . I have made it!

OH, THAT SHOULDER! Doing the long throw took concentration for Mike Long as Evans Fant watched the landing.

DR. SCHOLL'S PLASTER AD. Track meant aching corns for Tammy Woodcock.

UP, UP, AND AWAY! Jimmy Maroney strained to get up and over in the pole vault.

Spring sports bloom into action

When spring comes, everyone ponders the thought of getting involved in one of the many sports that Warren East has to offer. Track, baseball, tennis, and golf round out the list of springtime extracurricular activities.

In the past, W.E. has had excellent records in each of these sports. As long as people get involved and participate in these sports, Warren East will continue to accelerate and be competitive.

ADVERTISEMENTS

Some people seemed to think the Ad Section of the yearbook was just a dull section to skip through, but their thoughts were formulated before the importance of this section was realized.

Advertisements are a means of communicating with the public — both to let the community know the business involvement and what the businesses have to offer. These advertisements are a form of support and involvement for the school. The ads are published and sold in various sizes. When advertising space has been purchased from the area businesses, then their support has been gained for the students and faculty of Warren East High School.

Many businesses did not chose to purchase this type of advertisement for various reasons. With this in mind, we particularly would like to ask that the Warren East student body and community read this particular section of the 1982 Raider and support these individuals and their businesses who have shown their support to our school by purchasing an ad in our yearbook.

The ad budget for the 1981-82 yearbook was approximately $2400. This amount represented approximately one-fifth of the yearbook budget. Without this support, it would be extremely difficult to publish this yearbook. The Raider yearbook staff was responsible for selling advertisements to the business community. All billing and correspondence for advertisements was handled by the Ad Editors.

A special "THANK YOU" is extended to the Bowling Green, Richardsville, and Smiths Grove areas for all of the Ad support obtained for this 1982 edition of the Warren East yearbook.

AD EDITORS. Michelle Watt and Janet Meador served as editors of the Ad Section of the 1982 Raider. These two young ladies were responsible for all billing, correspondence, money receipts, and ad layouts for the yearbook. Many hours of work, worry, and frustration went into completing this particular section of the yearbook. Much thought went into making this section more interesting for everyone and making students aware of the importance of these businesses to Warren East High School with their involvement.

First male office workers at East

What is the first thing you look for when you walk into an office? A lady sitting at a typewriter or answering the telephone? Maybe so, but at the WEHS office during 4th period, you can see David Britt or Dwight Anderson at a typewriter or answering the telephone. David and Dwight definitely do not fit the stereotype for a secretary.

How did two guys get to work in an office? In David's case, Mr. Lee asked him and he accepted. Dwight found out about it from another office worker and the next thing he knew — he was working in the office.

Their jobs included: answering the telephone, typing, filing, running errands, and the favorite of both — talking on the intercom.

Both David and Dwight liked working in the office. Dwight said, "I like helping people; I might make working in an office my career." David, who also found satisfaction in working there said, "I like greeting people, it makes me more open, so it is easier to talk to people."

The heart of Warren East beats in the office. David and Dwight must have done a good job, because the school didn't die during 1981-82!

Will the real Rhonda Grimes please stand up?

Do these pictures look similar? They should! The picture at the top is Ernestine Grimes in her high school graduation dress in 1957; the young lady at the bottom is her daughter, Junior Rhonda Grimes, dressed for the 50's Day at Warren East wearing the same dress.

One might wonder how this came about — Rhonda called her Grandmother asking to borrow something for 50's Day. Her Grandmother gave her this blue dress which her Mother thought looked familiar. After going through some pictures, her Mother found the dress. Then she realized — it was her graduation dress — coming alive once more at Warren East High School.

MR. BILL

Who was that man in the No. 53 basketball jersey and suspenders? You might think he was an eccentric lunatic or a poor history teacher with nothing else to wear! Well, you'd be wrong. It was none other than Warren East's own — Bill Utley. He was what Raider pride and Spirit was about. He was probably the most involved teacher at Warren East in 1981-82.

Mr. Utley dressed up for every spirit day WEHS had — which included: Blue & Gold Day, T-Shirt Day, Clash Day, Hunter's Day, Gold Day, and 50's Day! When asked why he did this, Mr. Utley spiritedly replied "I do it to try and encourage the students and faculty to be more supportive and enthusiastic toward school activities — either athletic or otherwise."

Mr. Utley participated in the Jr-Sr Playday as an all-stater in the Egg Toss. Miss Oldham (Mrs. Cowles' student teacher) was his partner; they didn't win, but had a "yolky" time in the process!

Mr. Utley also recorded stats at the away football games, kept the clock at home football games, and kept the scorebook for the boys basketball team. He has done all of this for 8 years — only missing 4 games in both areas. He has also served as the Assistant Coach for the WEHS baseball team for 8 years. Mr. Utley's season was all-year-round.

He was not only involved in athletics, but also helped with various clubs. He has served as a sponsor for the Beta Club for 8 years and this year, Mr. Utley started a new club called the Warren East Historical Society.

Mr. Bill F. Utley, the Pride and Spirit of Warren East, served not only as a great teacher, but one of the "Most Spirited" persons at Warren East among both students and faculty.

Happy Moments

High school was not just a place for learning — it was a place where unexpected happiness exploded! One expression of this surprise joy was the delivery of flowers. Most young ladies (like Ashley Gaines) loved to receive flowers — especially roses. To receive them at school was an even better dream come true!

Sometimes birthdays were filled with all types of surprises — some lovely gifts — some funny gifts! Bobby Young experienced both types!

— **Robin Crabtree**

ROOM OF MANY COLORS

The cafeteria at WEHS was a scene for many and various happenings! Some people ate their lunch there and some people had visitation time there! Some were happy there and others did not seem to be especially over-joyed with happiness! Some people talked their time away while some used it for a study period! Some people looked forward to being in this room and others could have done without it!

Regardless of how the feelings ran — most students at East were in this particular area of school at least once during the school day. Others passed through it several times and others were there for several hours a day — either eating, visiting, studying, or waiting for that endless bus to come after school!

Teachers — at work and play

Like it or not — teachers played a big role in the happenings at WEHS! Mrs. Stephanie Moore worked hard with her speech students; Mrs. Karen Hayes got in an extra blessing from her FBLA Santa Clauser; heaving a mighty arm in the Faculty Egg Toss was Mrs. Ellen Alexander; one of the all-time favorite substitute teachers was Mrs. Sue Grimes; and hard at work was Mrs. Naomi Mayes.

How many different ways are there to shoot a gun?

The Raiderettes used their guns for some of the routines. Would you believe how many different ways a gun could be aimed? Showing off these Old West habits were clockwise left to right: Freshman Beth Embry, Sophomore Leslie Rector, Partners Cherie Hunt and Stephanie Taylor, Senior Cindy Richmond, and Sophomore Lisa Whitney.

These young ladies could really shoot a mean cap gun!!

Busy Place

The Candy Store was one of the busiest places at Warren East during 1-3 and 5-6 periods. Seniors are recruited from Study Halls to operate and manage the store. The Yearbook Staff and Sponsor have complete charge of the store and any profits made go directly to help with the expenses of the yearbook. Money is turned in and receipted at the end of each period as Pam Belk heads toward the office. Billy Bryant, Pam Duvall, Michelle Miller (and close friend), Kevin Troxell, and Tonya Shobe all waited to be waited on or gossiped with the workers!

Type or Play?

Enjoying different classes was the freedom of choice in most instances for all students. Keeping up with typing assignments meant work for Jimmy Vannauker while Greg Elrod and G. W. Cooke waited their turn in P.E. and David Williams and Carla Sweeney tried to concentrate on their books in Study Hall.

Class fun (?) at W.E.H.S

Draw, Sew, or Act?

Art required a certain amount of research work which Evans Fant found boring and Mrs. Nemeth did her art work on Michelle Miller. Sewing in Home Economics looked easy when Kay Smith worked on the machine, but Ethan Eadens' luck with Algebra class might not look that easy!

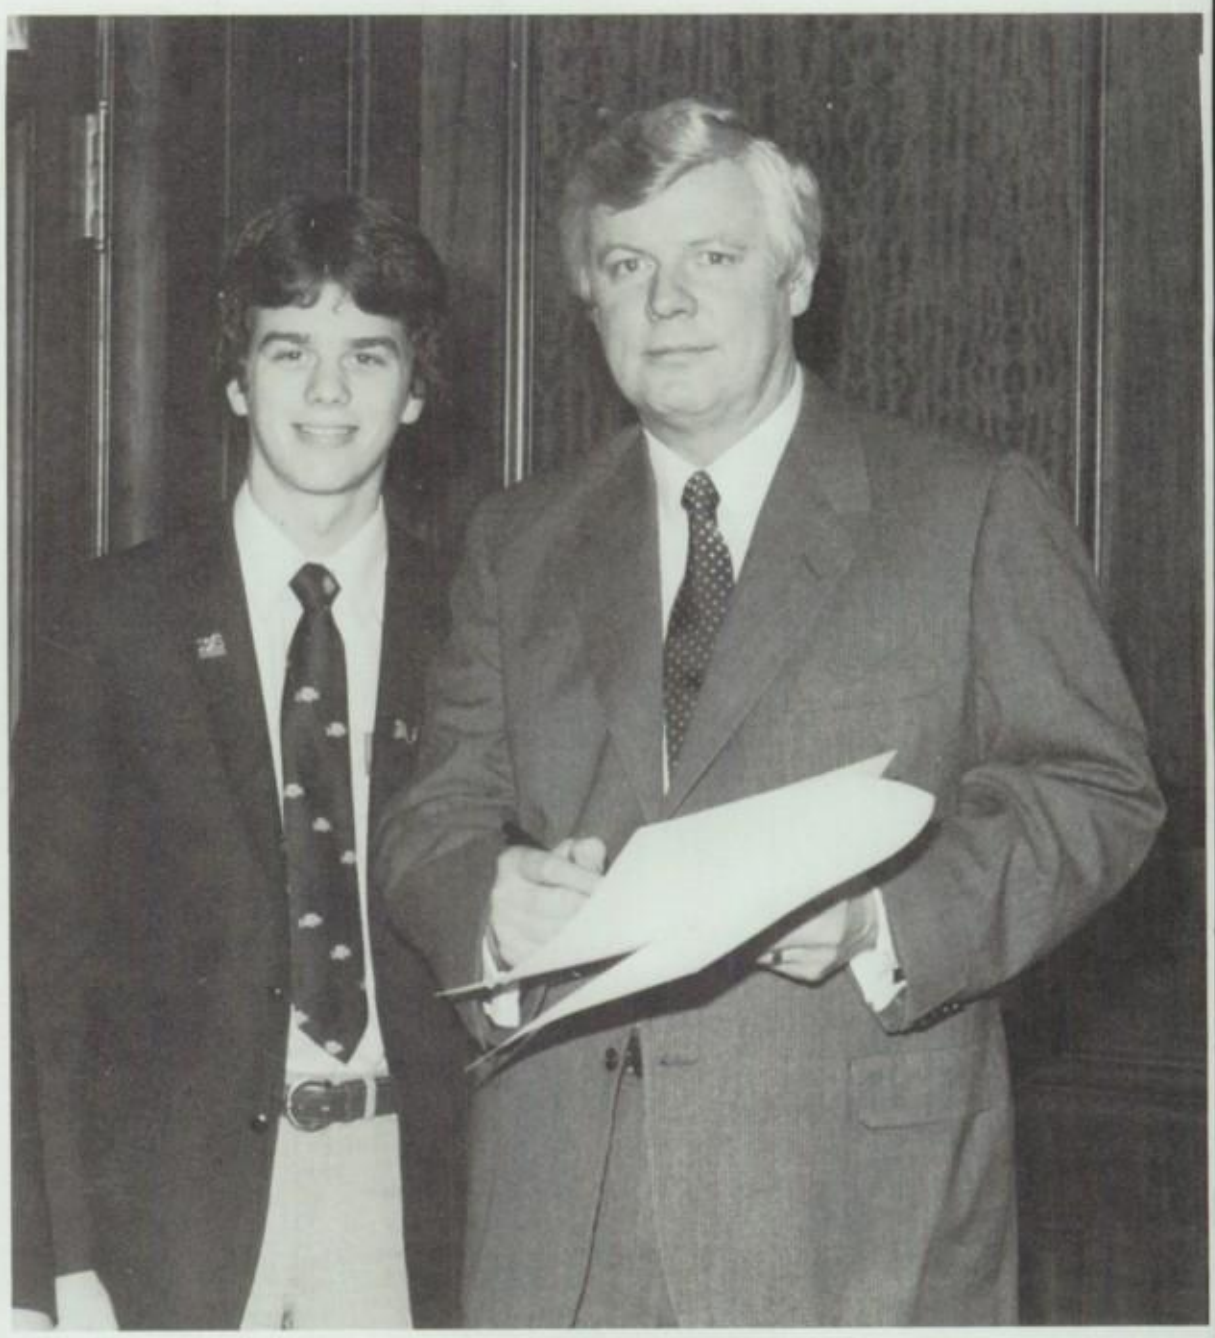
COACH TURNED TEACHER. Kevin Wallace helped coach the Jr. High Football teams for the past two years and then came back to WEHS to do his student teaching under Mr. Utley in Social Studies during the Spring of 1982. He hoped to return to East to teach and coach in the future.

GOOD YEAR FOR ALL! Whether the students were Freshmen, Sophomores, Juniors, or Seniors — a good year closed for everyone at East!

Students keep involved and busy

Busy doors keep swinging . . .

What a year for the Warren East High School Raiders! So many changes, so many happenings . . . who could handle all the things that were going on! Students had a full-packed year — scholastically and otherwise! There were so many events that had to be highlights of the 1981-82 school year for different people. All of these events, kept those doors swinging back and forth at WEHS.



TOM MEETS JOHN Y. FBLA State President, Tom Mitchell, traveled to Frankfort in February to have Governor Brown sign the proclamation for Vocational Week.

HAPPY SANDY. With so many happenings, Sandy Hudson had to work hard to maintain her good point standing.

CLOSE COOPERATION. 1981-82 was a good year with everyone working together. Robin Hale and Marcia Anthony discussed "Clash Day" activities.

VARIOUS METHODS OF TRAVEL. Students used many means of transportation to arrive at WEHS. One of the most unusual methods would have to be the "Big Wheels" used by Dana Pippin, Rhonda Grimes, and Karen Baird.

DO WE GET OUT EARLY? As the snow began to fall — that was the first question students (and faculty) started asking. Ready to handle all of the answers was Principal Joe Watkins!

HELLO. MAY I HELP YOU? Always there to greet everyone as they came in the front office doors at WEHS was Senior Co-Op student Kim Young.

EIGHTH GRADER GETTING EXPERIENCE. It doesn't happen every year, but during the 1981-82 season, an 8th grader from North Warren Elementary was allowed to by-pass his Jr. High basketball playing and come to WEHS to play with the Freshmen and JV teams — and even dress for the Varsity. Dwight Turner had a year of inbetweenness! School days at the Junior High level and basketball with the High School Raiders.

Through the doors of Warren East . . .

SCHOOL DAYS, SCHOOL DAYS . . . DEAR OLE GOLDEN RULE DAYS . . . Scott Mills wondered if he was getting a headache from all that Math, while Mrs. Jenkins wondered if she was getting it all through his head! Both looked concerned! But classes played a major role at WEHS.

SWEETHEART FOR THE YEAR. Elected to campaign victoriously for their FFA Sweetheart was Miss Dana Pippin. Escorted by Dennis Stephens, Dana received her roses and tray at the FFA meeting in February. Dana will reign as their lovely FFA Sweetheart until next February when a new young lady will be selected.

Year slowly ending . . .

As the close of the 1981-82 school year slowly drew to a close, all activities seemed to increase in their intensity. Spring sports were in full swing with students going through the hallways and gym in baseball outfits and track clothes. Along with their books, they were carrying tennis rackets and golf clubs. Girls were using the hallways after school getting ready for drill team and cheerleader tryouts for next year! Was there never a time when the doors were closed and the hallways were empty and silent???

Through the doors of Warren East . . .

Then as the month of May quickly rushed upon everyone, the Seniors seemed to be saying — "Hey, slow down time . . . we're not ready to leave all of this behind! We really have looked forward to graduation, but before, it's always been far away — in the future!! Now, it's here — and we're not sure we are ready to handle it!"

SOME WENT THIS WAY — AND SOME WENT THATA WAY! The Cheerleaders clearly demonstrated how the year had gone for some of the students!

LOVE THOSE RAINY DAYS. Running in and out those doors — running back and forth to the trailers for class — wasn't that fun???

BYE FUN SENIOR. Shelly Armour always seemed to have a "fun-time" at WEHS.

TEACHER AID. Home Economics teacher, Mrs. Naomi Mayes, helped Scott Beckham both in class work and through the doorway!

FINALLY — CLEANED OUT LOCKER! Pat Kearns was really leaving for the State Beta Convention in Louisville — as the entire group left from WEHS early one morning.

TALL MAN TIM. Helping with decorations for Homecoming '81 was Senior Timmy Poteet.

KEEP ON WALKING. P.E. instructor Mrs. Jeanne Edwards, had to keep a swift pace back and forth to the gym and the trailers!

MAGAZINE CONCENTRATION. Carla Grimes took a break from Study Hall to catch up on the latest "BEAT."

JUNIOR ATTENDS SEMINAR IN DC. Sharon Manco attended "A Presidential Classroom for Young Americans" during the week of February 13-20 in Washington, D.C. Sharon's activities included lectures by Congressmen, Ambassadors and other government officials and seeing sights of the nation's capitol. Her future plans include law school at Princeton and a political career following this. Sharon's opportunity in Washington, DC might help her achieve this goal!

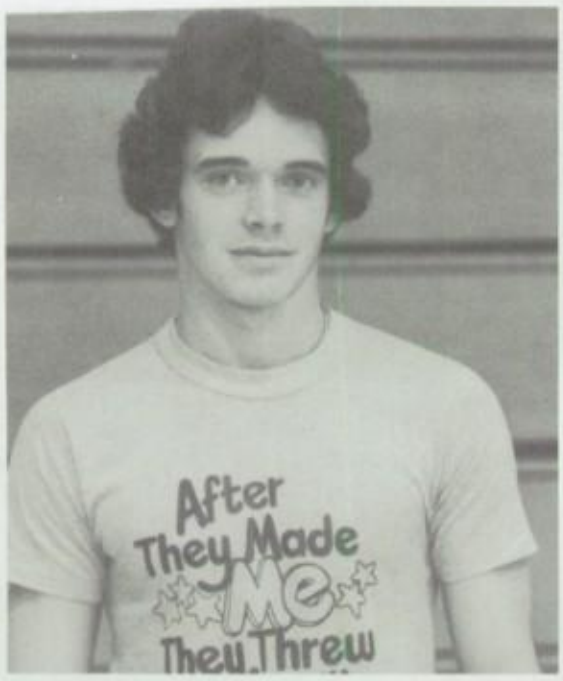
Where does time go??

Slowly, but quickly time slipped away. Yearbooks arrived and reality really began to hit everyone as students signed yearbooks, and for the class of 1982 — it would be for the last time! Caps and gowns, and invitations were distributed . . . Senior Council and Sponsors planned graduation and time still rushed faster and faster.

Sunny days arrived — daydreams of the lake and summer fun for everyone began to interfere with classwork. The countdown that started with months; then semester; then weeks — finally had gotten to just days — and then for the graduates, just hours!

1981-82 slowly — then swiftly passes . . .

CHOSEN TWO. Rhonda Grimes and Gary Gibbs were chosen by the faculty to represent WEHS in the WRECC Youth Tour to Washington, D.C. participation. The two Juniors will compete later in the year against area students for the opportunity to visit the Nation's Capital.



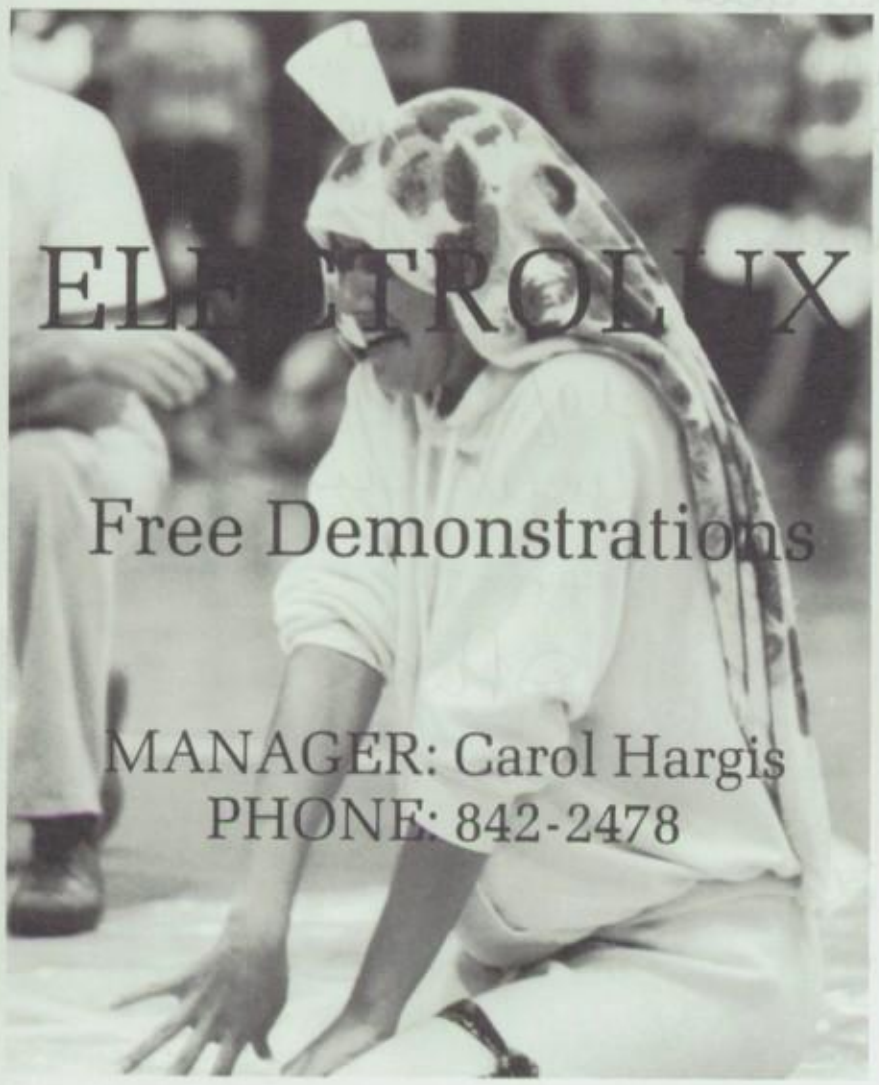
The doors at WEHS are closing on 1981-82 . . .

RUN MIKE RUN. Junior Mike Hazel holds the school record in the 440 yard dash (52.3). He won the Region last year as a Sophomore (52.6). (Mike also participated in the Long Jump, 880, and was a member of the Mile Relay Team that finished second in the region.) On February 6, he participated in the Mason-Dixon games in Freedom Hall in Louisville and placed fifth in the state in the 440 yard dash with a time of 52.7. He was the only AA participant to place.

TURN 'EM LOOSE. The bell had rung and off they go — making a mad dash to catch their busses. Quickly loading before they pulled off were Norman Simpson, Danny Carter, and Beth Potter.

TEARS OF PAIN OR SORROW? The big question would have to be — was Nancy Trent crying because the basketball season was almost over or because of pain from doing the splits??

BYE, BYE PEOPLE. Waving a final goodbye to everyone was Darrell Wardlow, Delores Beasley, and Vanessa Hudson.

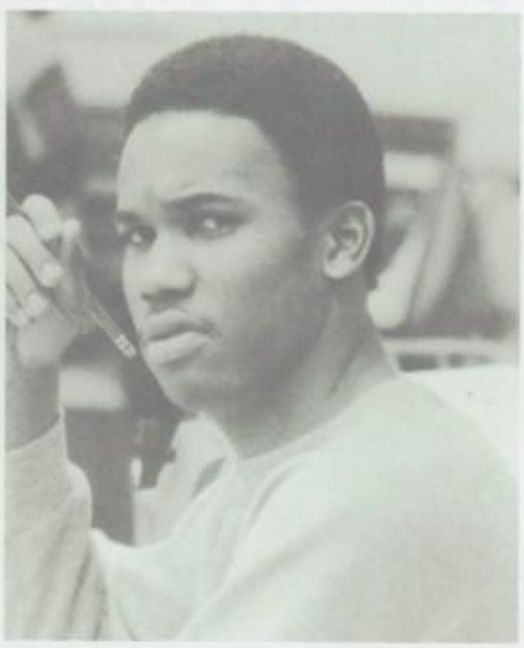


JA INVOLVEMENT. Junior Achievement was a national business sponsored, practical economics program in which high school students managed their own companies under the guidance of adult advisers. There were approximately 50 students from WEHS who participated in JA. Some officers from Warren East were Linda Miller, President; Sandra Duvall, V-President of Marketing; Sheila Forbes, V-President of Personnel and Corporate Secretary; and Kim F. Young, Asst. V-President of Personnel and Corporate Secretary.

Endless activities for students . . .

If a student, just came to school every day, they went through the WEHS doors 360 times during one year + any outside classes, add at least 300 more times for the doors to open and close. If they participated in any extracurricular activity, add 350 more times for practice and games. If they participated in more than one activity, double or triple the number of times they went through the doors! This computation of opening and closing the doors would be for only one school year. Multiply the yearly figure by four and be amazed at the amount of time the Seniors have gone in and out the doors at WEHS!!

The doors at WEHS will continue to be open



TERRI — GOOD EGG! Terri Hill took the Egg Toss in good stride as she also helped sponsor her Dad's business.

NOT SHY. Karen Lyles and Darlene Lawson demonstrated their abilities to speak before a group! (and speak and speak and speak!)

NO — NOT YET! Junior Jones appeared to be trying to convince someone that he wasn't quite ready to leave WEHS.

HAPPY TONY! Senior Tony Whitney didn't look happy about leaving East either!

I JUST CAN'T BELIEVE IT'S OVER. Coach Tommy Compton found it hard to believe the 1981-82 school year was over!

Students come . . . Students go . . . at WEHS!

— year after year, and graduating students will continue to come back for various reasons, but never to be an integral part of the worrisome, fun days during their high school years. The doors close on the lives of some studetns, but open for the lives of other individuals.

It has certainly been an experience knowing you! If there was one person at Warren East that I could say was different, it would be you. I don't mean that offensively, I'm just saying your different from anyone I've ever met. I've had our ups & downs but hopefully now we can be friends. You're a sweet girl!
